Part II. INFORMATION ABOUT THE SCHEME**A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?**

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
Equity and Equity related instruments of High Dividend Yield companies*	65%	100%
Debt and Money Market Instruments (including Units of Debt/ Liquid Mutual Fund Schemes and Cash)	0%	35%
Investment in units of REITs/InvITs	0%	10%

*High Dividend Yield Companies are defined as Companies whose dividend yield, at the time of investment, is equal to or higher than the dividend yield of the Company with the lowest dividend yield in the Nifty Dividend Opportunities 50 Index, ascertained as at the close of previous trading day.

The scheme intends to use derivatives for purposes that may be permitted by SEBI (Mutual Funds) Regulations, 1996 from time to time. The scheme shall have a maximum net derivatives position up to 50% of the portfolio.

The Scheme may also invest in overseas financial debt instruments including units of overseas mutual funds, as detailed below:-

Investments will only be made in instruments denominated in US Dollar, Singapore Dollar, Japanese Yen, Euro, Sterling Pound or in any other liquid currency as may be decided by the AMC from time to time and will be subject to following limits:

Particulars	% of Net Assets
Investment in overseas financial debt instruments including units of overseas mutual funds	Not exceeding 35% of the Scheme's assets subject to a maximum limit of US \$300 million per mutual fund or such other limit as specified by SEBI from time to time.

Subject to the SEBI Regulations, the Mutual Fund may deploy upto 50% of its total net assets of the Scheme in Stock Lending

Changes in Investment Pattern: Subject to SEBI Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view the market conditions, market opportunities, applicable Regulations and political & economic factors.

It must be clearly understood that the percentage stated above are only indicative and not absolute. These proportions can vary substantially depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of Unit Holders. Such changes in investment pattern will be for a short-term and for defensive consideration only.

In the event of deviations, the fund manager will carry out rebalancing within 30 days. Where the portfolio is not rebalanced within 30 days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. however, at all times the portfolio will strive to adhere the overall investment objectives of the Scheme.

**SEBI circular references (wherever applicable) in support of exposure limits of different types of asset classes in asset allocation shall be provided.*

Portfolio rebalancing: Subject to SEBI Regulations, the asset allocation pattern may change from time to time for a short term and for defensive considerations, keeping in view the market conditions/applicable regulations/political & economic factors, the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unit holders. Rebalancing across sectors and stocks based on valuation levels relative to growth shall be a dynamic exercise, as this is crucial to performance.

The fund manager of the Scheme shall examine factors such as the overall macro-economic conditions, valuation levels, sector-specific factors, company-specific factors and trends in liquidity, to name a few, and reduce the equity exposure, if warranted, to lower levels and raise the fixed income component of the portfolio as a tactical call.

The fund manager shall seek to raise the equity exposure if the environment is conducive. This process of rebalancing may take place in a dynamic manner on a regular basis.

Cash calls (with deployment in appropriate money-market and fixed-income securities), derivatives, changes in the degree of overweight and underweight to sectors and changes in allocation levels to stocks with varying attributes be used to balance the portfolio.

If the macro-economic conditions and market levels warrant, the fund manager may on an exceptional basis,

reduce the equity exposure and raise the fixed-income component of the portfolio beyond the asset allocation boundary indicated in the table for normal circumstances. Such an allocation in exceptional circumstances shall be adopted with the approval of the Internal Investment Committee (IIC) of Sundaram Asset Management.

In the event of deviations, the fund manager will carry out rebalancing within 30 days. Where the portfolio is not rebalanced within 30 days, justification for the same shall be placed before the IIC and reasons for the same shall be recorded in writing. The IIC, comprising three members in total, shall then decide on the course of action. However, at all times the portfolio will strive to adhere the overall investment objectives of the Scheme.

B. WHERE WILL THE SCHEME INVEST?

- The corpus of the Scheme shall be predominantly invested in equity and equity related instruments of *high dividend yield companies. The fund is defining dividend yield as “high” if the security is either constituent of the Nifty Dividend Opportunities 50 Index, or, has a dividend yield higher than that of the NSE Nifty on the earlier trading day, at the time of investment. The overall portfolio structuring would aim at controlling risk at a moderate level. The Scheme shall invest a part of its corpus in equity / equity related instruments other than those mentioned above. Further the Scheme may also invest part of its corpus in money market securities/instruments/funds, to manage its liquidity requirements. However, due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short term defensive considerations, and the intention being at all times to protect the interests of the Unit Holder;

*High Dividend Yield Companies are defined as Companies whose dividend yield, at the time of investment, is equal to or higher than the dividend yield of the Company with the lowest dividend yield in the Nifty Dividend Opportunities 50 Index, ascertained as at the close of previous trading day. While the criterion of high dividend-yields would be used to identify the investment universe from which the portfolio will be constructed, within this universe, there will be a strong focus on selecting companies with a consistent dividend track-record, strong business fundamentals, good quality of management, strong cash generation in excess of their capital expenditure requirements, strong balance sheets and attractive valuations

- At present Mutual Funds are not permitted to participate in Inter Bank Calls. The Scheme will participate in Inter Bank Calls only when Mutual Funds are permitted to do so. The Scheme may participate in securities lending as permitted under the Regulations.

- The Scheme may also invest in another schemes managed by the same AMC or by the AMC of any other mutual fund without charging any fees on such investments, within the limits specified under SEBI Regulations;

The Asset Management Company further reserves the right to invest in derivatives and Foreign debt securities subject to SEBI / RBI or any other Regulatory Authorities permitted from time to time.

Foreign Debt securities shall without limitation include:-

- Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies;
- Money market instruments rated not below investment grade;
- Repos in the form of investment, where the counterparty is rated not below investment grade;
- Government securities where the countries are rated not below investment grade;
- Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities;
- Short term deposits with banks overseas where the issuer is rated not below investment grade;
- Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets)

And such other Securities as may be prescribed by SEBI/RBI from time to time.

The securities may be acquired by the Scheme through Initial Public Offerings (IPOs), secondary market operations,

private placement, right offers or negotiated deals. Securities shall be purchased in public offerings, primary/ reissues/ Open Market Operations (OMO) auctions / OMO sales, private placement, right offers, negotiated deals or any other mode of investment made available in the market from time to time.

The regulation and limits as applicable under the SEBI (Mutual Funds) Regulations, 1996 are specified under the Para of Investment Restrictions.

Depository

The Securities of the Scheme will be held in demat (electronic) mode and accordingly the rules of the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996 would apply. The service charges payable to the Depository Participant will form a part of the annual recurring expenses.

C. WHAT ARE THE INVESTMENT STRATEGIES?

The scheme will invest its assets in a portfolio of equity and equity related instruments. The focus of the investment strategy would be to identify stocks which can provide capital appreciation in the long term. The aim will be to build a diversified portfolio across major industries and economic sectors by using “fundamental analysis” as its selection process.

The three basic steps of fundamental analysis are:

- 1) **Research** - consideration of economic prospects over the next one to two years rather than focusing on near term expectations. This approach is designed to provide insight into a company's real growth potential.
- 2) **Valuation** - use of the research to allow the Investment Manager to identify segments of the market for investment. The Investment Manager would consider various factors including sustainable, superior earnings growth and above average or accelerating rates of growth.
- 3) **Securities selection** - The Investment Manager would buy and sell securities using its research and valuation as the basis. It attempts to identify the individual issuers that it considers to have high growth potential, that are market share leaders and/ or have high quality management with consistent track records and solid balance sheets.

Trading in Derivatives

The Scheme may take derivatives position based on the opportunities available subject to the guidelines provided by SEBI from time to time and in line with the overall investment objective of the Scheme. The Scheme shall not take leveraged positions and total investments, including investments in Debt and other securities and gross exposure to Derivatives, if any, shall not exceed net assets under management of the Scheme.

SEBI has vide its Circulars inter alia, DNPDCir-29/2005 dated September 14, 2005 and DNPDCir-30/2006 dated January 20, 2006 and CIR/IMD/DF/11/2010 dated August 18, 2010 specified the guidelines pertaining to trading by Mutual Fund in Exchange traded derivatives and SEBI Circular DNPDCir-31/2006 dated September 22, 2006 modifying the position limits for Index derivative contracts.

A derivative is an instrument whose value is derived from the value of one or more of the underlying assets which can be commodities, precious metals, bonds, currency, etc. Common examples of Derivative instruments are Interest Rate Swaps, Forward Rate Agreements, Futures, Options, etc.

In case of equity derivatives, the Scheme may transact in exchange traded equity derivatives only and these instruments may take the form of Index Futures, Index Options, Futures and Options on individual equities/securities and such other derivative instruments as may be appropriate and permitted under the SEBI Regulations and guidelines from time to time.

Derivative positions taken would be guided by the following principles:

Exposure to Equity Derivatives

The net derivatives position in the Scheme may be up to the limit as set forth in the asset allocation pattern of the Scheme, subject to the following regulatory limits:

- i. **Position limit for the Mutual Fund in index options contracts:**

- a. The Mutual Fund position limit in all index options contracts on a particular underlying index shall be Rs500 crore or 15% of the total open interest in the market in index options, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all options contracts on a particular underlying index.

ii. Position limit for the Mutual Fund in index futures contracts:

- a. The Mutual Fund position limit in all index futures contracts on a particular underlying index shall be Rs500 crore or 15% of the total open interest in the market in index futures, whichever is higher, per Stock Exchange.
- b. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

iii. Additional position limit for hedging:

In addition to the position limits at point (i) and (ii) above, Fund may take exposure in equity index derivatives subject to the following limits:

- a. Short positions in index derivatives (short futures and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- b. Long positions in index derivatives (long futures and long calls) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

iv. Position limit for the Mutual Fund for stock based derivative contracts:

The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts:

- The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

v. Position limit for the Scheme:

The position limits for the Scheme and disclosure requirements are as follows:

- a. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of a scheme of a Fund shall not exceed the higher of 1% of free float market capitalization (in terms of number of shares).

Or

5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).

- b. This position limit shall be applicable on the combined position in all derivative contracts on an underlying stock at a Stock Exchange.
- c. For index based contracts, the Mutual Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

As and when SEBI notifies amended limits in position limits for exchange traded derivative contracts in future, the aforesaid position limits, to the extent relevant, shall be read as if they were substituted with the SEBI amended limits.

The Scheme may purchase call and put options in securities in which it invests and on securities indices. Through the sale and purchase of futures contracts the Fund would seek to hedge against a decline in securities owned by the Fund or an increase in the prices of securities which the Fund plans to purchase. The Fund would sell futures contracts on securities indices in anticipation of a fall in stock prices, to offset a decline in the value of its equity portfolio. When this type of hedging is successful, the futures contract increase in value while the Fund's investment portfolio declines in value and thereby keep the Fund's net asset value from declining as much as it otherwise would. Similarly, when the Fund is not fully invested, and an increase in the price of equities is expected, the Fund would purchase futures contracts to gain rapid market exposure that may partially or entirely offset increase in the cost of the equity securities it intends to purchase. In certain cases the Fund might invest in futures contracts as against underlying cash stocks for reasons of liquidity and lower impact costs.

Stock and Index Futures

Hedging against an anticipated rise in equity prices:-

The scheme has a corpus of Rs.100 crores and has cash of Rs.15 crores available to invest. The Fund may buy index/stock futures of a value of Rs.15 crores. The scheme may reduce the exposure to the future contract by taking an offsetting position as investments are made in the equities; the scheme wants to invest in. Here, if the market rises, the scheme gains by having invested in the index futures.

Hedging against anticipated fall in equity prices:-

If the Fund has a negative view on the market and would not like to sell stocks as the market might be weak, the scheme of the Fund can go short on index/stock futures. Later, the scheme can unwind the future positions. A short position in the future would offset the long position in the underlying stocks and this can curtail potential loss in the portfolio. The Fund's successful use of futures contracts is subject to the Fund Manager's ability to predict correctly the market factor affecting the market value of the Fund's portfolio securities. For example if a Fund is hedged against a fall in the securities using a short position in index futures, and the market instead rises, the Fund loses part or all of the benefit of the increase in securities prices on account of the offset losses in index futures. Imperfect co-relation between the price movements in the securities index on the one hand and the stocks held by the Fund or the futures contracts itself on the other hand may result in trading losses. The Fund may not be able to close an open futures position due to insufficient liquidity in the futures market. Under such circumstances, the Fund would be required to make daily cash payments of variation margin in the event of adverse price movements. If the Fund has insufficient cash, the Fund may be required to sell portfolio securities to meet daily variation margin requirement at a time when it may be disadvantageous to do so.

A hedge is designed to offset a loss on a portfolio with a gain in the hedge position. At the same time, however, a properly correlated hedge will result in a gain in the portfolio position being offset by a loss in the hedge position. As a result the use of derivatives could limit any potential gain from an increase in value of the position hedged. In addition, an exposure to derivatives in excess of the hedging requirement can lead to losses.

Stock and Index Options:

Option contracts are of two types - Call and Put; the former being the right, but not obligation, to purchase a prescribed number of shares at a specified price before or on a specific expiration date and the latter being the right, but not obligation, to sell a prescribed number of shares at a specified price before or on a specific expiration date. The price at which the shares are contracted to be purchased or sold is called the strike price. Options that can be exercised on or before the expiration date are called American Options, while those that can be exercised only on the expiration date are called European Options. In India, all individual stock options are American Options, whereas all index options are European Options. Option contracts are designated by the type of option, name of the underlying, expiry month and the strike price.

Example for Options:

Buying a Call Option: Let us assume that the Fund buys a call option of XYZ Ltd. with strike price of Rs.1000/-, at a premium of Rs.25/-. If the market price of ABC Ltd on the expiration date is more than Rs.1000/-, the option will be exercised. The Fund will earn profits once the share price crosses Rs.1025/- (Strike Price + Premium i.e. 1000+25). Suppose the price of the stock is Rs.1100/-, the option will be exercised and the Fund will buy 1 share of XYZ Ltd. from the seller of the option at Rs.1000/- and sell it in the market at Rs.1100/-, making a profit of Rs.75/-. In another scenario, if on the expiration date the stock price falls below Rs.1000/-, say it touches Rs.900/-, the Fund will choose not to exercise the option. In this case the Fund loses the premium (Rs.25/-), which will be the profit earned by the seller of the call option.

Buying a Put Option. Let us assume the Fund owns the shares of XYZ Ltd, which is trading at Rs.500/-. The fund wishes to hedge this position in the short-term as it perceives some downside to the stock in the short-term. It can buy a Put Option at Rs.500/- by paying a premium of say Rs.10/- In case the stock goes down to Rs.450/- the fund has protected its downside to only the premium i.e Rs.10/- instead of Rs.50/-. On the contrary if the stock moves up to say Rs.550/- the fund may let the Option expire and forego the premium thereby capturing Rs.40/- upside. The strategy is useful for downside protection at cost of foregoing some upside.

For an option buyer, loss is limited to the premium that he has paid and gains are unlimited.

The above example is hypothetical in nature and all figures are assumed for the purpose of illustrating the use of call options in individual stocks. Similar analogy can be used for Index Options too when the fund wishes to hedge a part of the total portfolio or cash.

The following section describes some of the more common debt derivatives transactions along with their benefits:

Interest Rate Swap (IRS)

An IRS is an agreement between two parties to exchange stated interest obligations for an agreed period in respect of a notional principal amount. The most common form is a fixed to floating rate swap where one party receives a fixed (pre-determined) rate of interest while other receives a floating (variable) rate of interest.

Interest Rate Futures (IRF)

An interest rate futures contract is "an agreement to buy or sell a debt instrument at a specified future date at a price that is fixed today." Interest rate futures are derivative contracts which have a notional interest bearing security as the underlying instrument. The buyer of an interest rate futures contract agrees to take delivery of the underlying debt instruments when the contract expires and the seller of interest rate futures agrees to deliver the debt instrument.

The fund can effectively use interest rate futures to hedge from increase in interest rates.

Forward Rate Agreement (FRA)

A FRA is basically a forward starting IRS. It is an agreement between two parties to pay or receive the difference between an agreed fixed rate (the FRA rate) and the interest rate (reference rate) prevailing on a stipulated future date, based on a notional principal amount for an agreed period. The only cash flow is the difference between the FRA rate and the reference rate. As is the case with IRS, the notional amounts are not exchanged in FRAs.

Example

Let us assume that a scheme has an investment of Rs.10 crore in an instrument which pays interest linked to NSE Mibor. Since the NSE Mibor would vary daily, the scheme is running an interest rate risk on its investment and would stand to lose if rates go down. To hedge itself against this risk, the scheme could do an IRS where it receives a fixed rate (assume 10%) for the next 5 days on the notional amount of Rs.10 crore and pay a floating rate (NSE Mibor). In doing this, the scheme would effectively lock itself into a fixed rate of 10% for the next five days. The steps would be.

1. The scheme enters into an IRS on Rs.10 crore from May 1, 2013 to May 6, 2013. It receives a fixed rate of interest at 10% and the counter party receives the floating rate (NSE Mibor). The Scheme and the counter party exchange a contract of having entered into this IRS.
2. On a daily basis, the NSE Mibor will be tracked by the counterparties to determine the floating rate payable by the scheme.
3. On May 6, 2013, the counterparty will calculate the following;
 - The scheme will receive interest on Rs.10 crore at 10% p.a. for 5 days i.e. Rs.1,36,986/-
 - The scheme will pay the compounded NSE Mibor for 5 days
 - Effectively, the scheme has earned interest at 10% p.a. for 5 days by converting its floating rate asset into a fixed rate through the IRS.

If the total interest on the compounded NSE Mibor rate is lower than Rs.1,36,986/-, the scheme will receive the difference from the counterparty and vice-versa. In case the interest on compounded NSE Mibor is higher, the scheme would make a lower return than what it would have made had it not undertaken IRS.

Further, SEBI vide its Circular No. Cir/IMD/DF/11/2010 dated August 18, 2010, has prescribed the following in respect of investments in derivatives:

- 1) The cumulative gross exposure through equity, debt and derivative positions shall not exceed 100% of the net assets of the Scheme.

- 2) The Scheme shall not write options or purchase instruments with embedded written options.
- 3) The total exposure related to option premium paid must not exceed 20% of the net assets of the Scheme.
- 4) Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure.
- 5) Exposure due to hedging positions may not be included in the above mentioned limits, subject the following:
 - (a) Hedging positions are the derivative positions that reduce possible losses on existing positions in securities and till the existing position remains.
 - (b) Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point 1.
 - (c) Any derivative instrument used to hedge has the same underlying security as the existing positions being hedged.
 - (d) The quantity of underlying associated with the derivative positions taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
- 6) The Scheme may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases must not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions should not exceed 10% of the net assets of the scheme.
- 7) Exposure due to derivative positions taken for hedging purposes in excess of the underlying positions against which the hedging position has been taken, shall be treated under the limits mentioned in Point 1.
- 8) Position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows: -

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option premium Paid * Lot Size* Number of Contracts

Portfolio Turnover Rate

The Portfolio Turnover Rate (PTR) means the lower of aggregate sales or purchases made during a particular year/period divided by the Average Asset under Management (average of Assets under Management on last day of month) for the relevant year/period.

"Portfolio Turnover" is the term used by any Mutual Fund for measuring the amount of trading that occurs in a Scheme's portfolio during the year. The Scheme is an open-ended scheme. It is expected that there may be a number of subscriptions and repurchases (after completion lock in period) on a daily basis. Moreover, portfolio turnover in the Schemes will be a function of market opportunities. The economic environment changes on a

continuous basis and exposes portfolio to systematic as well as non-systematic risk. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio. However, a high turnover would significantly affect the brokerage and transaction costs. This will exclude the turnover caused on account of:

- Investing in the initial subscription,
- Subscriptions and redemptions undertaken by the unit holders.

The AMC will endeavor to balance the increased cost on account of higher portfolio turnover with the benefits derived therefrom. A high portfolio turnover rate is not necessarily a drag on portfolio performance and may be representative of arbitrage opportunities that exist for scrips/securities held in the portfolio rather than an indication of a change in AMC's view on a scrip, etc.

Risk Profile

The risk of concentration in the portfolio shall be mitigated by having internal fund management guidelines that provide for single-stock – subject to the SEBI prescribed limit of 10% - and sector exposure limits. The adherence shall be monitored by the Risk Management team that reports to the Managing Director of Sundaram Asset Management. Deviation if any, from the limit will have to be approved by the Managing Director subject to ratification by the fund manager and will also, if required, be brought to the notice of the Risk Management Committee/Audit Committee at the board level.

As the portfolio shall include a sizeable allocation to large-cap stocks, the liquidity aspect will be taken care. Even for the mid- and small-cap exposures, the fund manager takes into account liquidity in the stock before deciding on the exposure level. Portfolio liquidity is monitored on a regular basis by the Risk Management team and fund managers are also kept posted through internal reports.

The focus of the fund manager is on ensuring that stocks selected for the portfolio and the allocation to each sector/stock does not lead to excessive volatility that is not in line with the positioning of the Scheme. The volatility of portfolio relative to peers, benchmark and broad market is monitored. The endeavour is to deliver returns that are commensurate with risks over the long term.

Summary of Investment Process

Research & Analysis: Research is meant to look at opportunities differently from the market and competition. The Investment Manager has a research set up that works to identify investment opportunities through continuous research on sectors and companies that are relevant to the theme and investment objectives of the Scheme. The analysis focuses on the past performance and future prospects of the company and the business, financial health, competitive edge, managerial quality and practices, minority shareholder fairness, transparency. Companies that adequately satisfy the prescribed criteria are included in the portfolio. The weight of individual companies will be based on their upside

potential relative to downside risk.

Approval of Securities: After the identification of the stock on the basis of four minimum parameters- balance sheet, profit and loss statement, valuation and ratios- the stock is approved by the Internal Investment Committee (comprising of the Managing Director, Fund Managers - Equity and Fixed Income before any investment can be made. For research, inputs from published sources and reports of broking houses will be used. In order to eliminate more risks and ensure higher reliability, at least one management contact either by way of visit, or any other form of communication will be mandatory once a quarter.

Portfolio Construction & Selection of Stock for Investment / Sale: The Fund Manager will construct the portfolio with stocks in the approved universe within the guidelines set in the Scheme Information Document and by the IIC for the Scheme. The Fund Manager will be the sole deciding authority in relation to stock selection, allocation of weight, sale & purchase of stocks and other issues that are related to portfolio construction.

Monitoring: The IIC of the Board reviews the performance of the Scheme and the decisions of the Internal Investment Committee. Head Equity and Head-Fixed Income are permanent invitees to the meetings of the committee. The reasons for purchase / sale are recorded in the system/Deal Tickets. Every quarter, the fund manager presents a review of all decisions taken and on fund performance to the Board of Directors of the Investment Manager and the Trustee Company.

Risk Mitigation: An independent risk management team is in place to oversee and monitor portfolio risk on a day-to-day basis. Internal risk control guidelines are in place and the portfolio contours are tracked on a daily basis to ensure adherence. Any deviation is brought to the notice of the Managing Director and the fund manager for corrective action. Follow up actions are made to ensure that the deviation is corrected within the time period prescribed in internal risk control guidelines. Adherence to limits from SEBI regulations as well as stipulations in the Scheme Information Document is monitored by the Compliance team. The Risk Management team reports to the CEO / MD.

Risk Process / Guidelines: Risk Management is an independent function and the Risk team reports directly to the MD. Broadly the function is divided into two – Regulatory and Internal. Regulatory risk consists of ensuring adherence to all the rules prescribed by the SEBI as well as the limits prescribed in the Offer documents. Internal risk monitoring consists of a host of other parameters that the risk team monitors on a continuous basis like internal limits (i.e. soft limits established to red flag potential breach in SEBI prescribed limits), adherence to fund style, operational and preparation of reports etc.,

The primary mechanism that the Risk team employs to monitor is through Bloomberg. All the rules (regulatory and internal) are uploaded into Bloomberg which thereafter monitors its adherence on a continuous basis. All trades are routed through Bloomberg systems and hence no deviation can occur without an alert being triggered by the Bloomberg system. Any breach in limits consequent to inputting of a trade is flagged off with various levels of concern and needs specific approvals in order to proceed.

Committee Monitoring Risk Management: The Board of

Sundaram Asset Management has constituted a committee comprising Managing Director, & Two Independent Directors to monitor risk management. The Committee reviews the reports prepared by the Risk Officers and looks into the implementation of Enterprise Risk Management. The Committee also reviews the risk guidelines with respect to equity and fixed income funds, set/modify the limits of counter party exposure, review exceptions and overrides and suggest improvements to the framework/formats.

The Heads of Equity and Fixed Income, the Risk Analyst and the Managing Director and other senior management personnel will be the permanent invitees to the Committee. The Compliance Officer acts as the secretary to the committee.

Role of the Committee: The Committee will approve the Global Issuer limits (including limit per maturity), Counterparty limits and Limits applicable to each fund such as Credit Diversification ratio, Duration Limit, WAM Limit, Maximum Maturity Limit, Liquidity Risk Limits, Valuation Risk Limits, Risk Grade Limits etc. The Committee monitors Enterprise Risk Management framework proposed on various functions and processes.

Risk Guidelines: Sundaram Asset Management has internal investment norms and risk guidelines for equity and debt investments. Also fund specific guidelines are in place. Every endeavour will be made to achieve the objectives of the Scheme. The Investment Manager Sponsors/Trustee/Mutual Fund do not guarantee that the investment objectives of the Scheme will be achieved. No guaranteed returns are being offered under the Scheme. Risk control is customized by product according to the level of risk the fund can expose investors to, as specified in the investment mandate.

The Investment Manager will carry out the daily investment activities within the framework of SEBI guidelines in accordance with the investment objective as per the Scheme Information Document. The Board of AMC and Trustee review the performance of the Scheme in comparison to corresponding schemes of other mutual funds with similar investment objective and asset profile generally. The performance of the Scheme is compared with benchmark.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The Benchmark Index of the Scheme is Nifty Dividend Opportunities 50 Index TRI

The composition of the aforesaid benchmark is such that it is most suited for comparing performance of the Scheme. The Fund reserves the right to change the said benchmark and/or adopt one/more other benchmarks to compare the performance of the Scheme, subject to SEBI Regulations

Part III- OTHER DETAILS**A. COMPUTATION OF NAV**

The Net Asset Value (NAV) is the most widely accepted yardstick for measuring the performance of any Scheme of a Mutual Fund. NAV calculations shall be based upon the following formula:

$$\frac{\text{Market value of the Scheme's investments + other current assets + deposits} - \text{all liabilities except unit capital, reserves and Profit \& Loss Account}}{\text{Number of units outstanding of the Scheme}}$$

Valuation of Securities will be according to the valuation norms, as specified in Schedule VIII of the Regulation and will be subject to such rules or Regulation that SEBI may prescribe. The Debt and Money market securities are valued based on the prices provided by AMFI approved agencies such as CRISIL & ICRA. Please refer the valuation policy on our website <https://www.sundarammutual.com/Report/ODVLP>

NAV of the Scheme – Plan/Option wise - will be calculated and disclosed up to four decimals. For details of Valuation of Overseas Securities, please refer Statement of Additional Information.

Methodology of calculating the sale and repurchase price of units

Sale Price: Applicable NAV subject to Stamp Duty

Repurchase Price: The exit fee is usually a percentage of the Net Asset Value (NAV) of the mutual fund held by investors. Once the AMC deducts the exit load from the total Net Asset Value, the remaining amount gets credited to the investor's account.

Suppose, an investor has invested Rs.10,000 in mutual fund schemes in January 2017. The NAV of the scheme is Rs. 100 and the exit fee for redeeming before one year is 1%. In March 2017, the investor opt for an additional investment of 50 units at Rs 105 in the same fund. He redeems all his investments in the fund in November 2017, when the NAV is Rs. 110 in scenario 1 and Rs 115 in scenario 2 (February 2018)? His exit load is as follows:

100 Units bought in January 2017 @ Rs 100 = Rs 10,000

50 units bought in March 2017 @ Rs 105 = Rs 5,250

Scenario 1 (Full Redemption before completion of 1 year)

Exit charges on redemption in November 2017.

Exit Load: 1% of [(100 units x Rs. 110) + (50 units x Rs. 110)] = Rs 165.

The amount credited the investor Rs. 16,500 (Rs. 110*150 units) – Rs. 165 = Rs. 16,335 (Total Amount – Exit fee & STT)

In scenario 1 exit load is applicable on 150 units purchased in January and March 2017 as the holding period is less than 1 year

Scenario 2 (Full Redemption after completion of 1 year)

Investor redeems 50 units

Exit charges on redemption in February 2018.

Exit Load: 1% of (50 units x Rs. 115) = Rs 57.5

The amount credited the investor: Rs.17,250 (Rs. 115*150 units) – Rs.57.5= Rs.17,192.5 (Total Amount - Exit fee)

In scenario 2 exit load is not applicable on 100 units purchased in January 2017 as the holding period is more than year.

Illustration for understanding

Initial purchase on April 1, 2023- 10,000 units

Additional purchase on April 15, 2023- 5,000 units

The scheme has exit load if redeemed before 1 year.

Maximum redemption permitted without exit load for each purchase transaction: 25% of the units purchased

Load applicability under various scenarios

Exit load is applied for each purchase transaction separately and no clubbing of transactions will be allowed for computing the maximum load free exit allowed for the

respective scheme. Since FIFO method for processing the redemption request is applicable, load free exit for the purchases made subsequent to the initial purchase will

be available only after the investor redeems all units purchased by him in the initial purchase. Accordingly, if the investor redeems the below units on or before May 28, 2024,

exit load will be applicable as follows:

Number of units redeemed (including previous redemptions, if any)	Load payable on exit	Remarks
Upto 2500 units	Nil	No exit load is applicable, if the number of units redeemed are up to the limit of 10% of initial purchase made on April 1, 2023
3000 units	Exit load of 1% will be charged on the NAV for redeeming 500 units	Exit load will be applicable for redemption made over and above the limit of 25% of the initial purchase made on April 1, 2023. Since the Scheme follows FIFO method for redemption, investor will have to redeem the entire units purchased on April 1, 2023 before claiming load free redemption of 500 units from the Additional units purchased on April 15, 2023.
10000 units	Exit load of 1% will be charged on the NAV for redeeming 7500 units	
15000 units	Exit load of 1% will be charged on the NAV for redeeming 11250 units	2500 units from the initial purchase made on April 1, 2023 and 1250 units from additional purchase made on April 15, 2023 will be redeemed without exit load. Exit load will be applicable for the redemption of the balance 11250 units.

B. NEW FUND OFFER (NFO) EXPENSES

This section does not apply as the scheme covered in this document is available on an on-going basis for subscription and redemption.

C. ANNUAL SCHEME RECURRING EXPENSES

The total annual recurring expenses of the Scheme, excluding deferred revenue expenditure written off, issue or redemption expenses, but including the investment management and advisory fee that can be charged to the scheme shall be within the limits specified in Regulation 52 of SEBI (Mutual Funds) Regulations. Expenses incurred in excess of the permitted limits shall be borne by the Investment Manager or the Trustee or the Sponsor.

The expenses chargeable to the scheme shall include investment management & advisory fee, Trustee fee, custodian fee, Registrar and Transfer Agent fee, Audit fee, Marketing and Selling expenses and other expenses (including listing fee) as listed in the table below:

Expense Head	Reference to SEBI (Mutual Fund) Regulations, 1996	% of daily Net Assets
Investment Management and Advisory Fees	52(2)	Upto 2.25% [As per Regulation 52(6)(c)]
Trustee fee & expenses	52(4)(b)(iv)	
Audit fees & expenses	52(4)(b)(v)	
Custodian fees & expenses	52(4)(b)(vi)	
RTA Fees & expenses	52(4)(b)(iii)

Cost related to investor communications	52(4)(b)(vii)	
Cost of fund transfer from location to location	52(4)(b)(viii)	
Cost of providing account statements and dividend redemption cheques and warrants	52(4)(b)(ix)	
Costs of statutory Advertisements	52(4)(b)(xii)	
Cost towards investor education & awareness (at least 2 bps)	SEBI Master Circular 10.1.16.	
Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades resp.	52(6A)(a)	
Goods and Service tax on expenses other than investment management and advisory fees	SEBI Master Circular	
Goods and Service tax on brokerage and transaction cost	SEBI Master Circular	
Other Expenses	52(4)(b)(xiii)	
Maximum total expense ratio (TER) permissible	52(6)(c)	Upto 2.25%
Additional expenses	52 (6A)(c)	Upto 0.05%
Additional expenses for gross new inflows from specified cities * [Note: B30 (Specified cities) incentive shall be kept as abeyance till further notice.]	52 (6A) (b)	Upto 0.30%

\$Direct Plan under the aforementioned Scheme shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid / charged under the Direct Plan.

#Expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.

The AMC may charge investment management and advisory fees and other expenses up to 2.25% of the daily net assets. The AMC reserves the right to change the estimates; both inter se or in total, subject to prevailing SEBI Regulations.

^The nature of expenses can be any permissible expenses including Investment Management & Advisory Fees. The purpose of the above table is to assist in understanding the various costs and expenses that the Unit Holders in the Scheme will bear directly or indirectly.

The AMC may incur actual expenses which may be more or less than those estimated above under any head and / or in total. The AMC will charge the Scheme such actual expenses incurred, subject to the statutory limit prescribed in the SEBI Regulations, as given below.

Maximum Recurring Expenses:

Daily net assets	As a % of daily net Assets (per annum)	Additional Total Expense Ratio as per SEBI Regulations 52 (6A) (c) #	Additional Total Expense Ratio as per SEBI Regulations 52 (6A) (b) #
First Rs. 500 crores	2.25%	0.05%	0.30%
Next Rs. 250 crores	2.00%	0.05%	0.30%
Next Rs. 1,250 crores	1.75%	0.05%	0.30%
Next 3,000 crores	1.60%	0.05%	0.30%
Next 5,000 crores	1.50%	0.05%	0.30%
Next 40,000 crores	Reduction of 0.05% for every increase of 5000 crores	0.05%	0.30%
Balance of assets over and above Rs. 50,000 crores	1.05%	0.05%	0.30%

Further, in addition to the limits on total expenses specified in Regulation 52(6) of SEBI (Mutual Funds) Regulations, 1996 (the Regulation) the following expenses may be charged to the Scheme(s) under Regulation 52 (6A) -

- Brokerage and transaction costs incurred for the purpose of execution of trades and included in the cost of investment, not exceeding 0.12% of the value of trades in case of cash market transactions and 0.05% of the value of trades in case of derivative transactions;
- Expenses not exceeding 0.30% of daily net assets, if the new inflows from such cities as specified by SEBI from time to time are atleast (i) 30% of gross inflows in the Scheme OR (ii) 15% of the average assets under management (year to date) of the Scheme - whichever is higher.

However if inflows from such cities is less than the higher of (i) & (ii) as mentioned above, such expenses on daily net assets of the Scheme may be charged on proportionate basis. Further, the expenses charged under this clause shall be utilized for distribution expenses incurred for bringing inflows from such cities. The amount incurred as expense on account of inflows from such cities shall be credited back to the Plan in case the said inflows are redeemed within a period of one year from the date of investment. . Inflows of amount upto Rs. 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

- Additional expenses incurred towards different heads mentioned under sub-regulation 52(2) & 52(4) of the Regulation not exceeding 0.05% of the daily net assets of the scheme or as specified by the Board.

"Provided that such additional expenses shall not be charged to the schemes where the exit load is not

levied or applicable.”

AMC may charge Goods and Services Tax on investment and advisory fees of the scheme in addition to the maximum limit of TER as per the Regulation 52(6) and (6A).

Further, the following may be charged to the Schemes within the maximum limit of Total Expense Ratio as per Regulation 52 of the SEBI (Mutual Funds) Regulations, as amended from time to time -

- (a) Goods and Services Tax on expenses other than investment and advisory fees, if any;
- (b) *Goods and Services Tax on brokerage and transaction costs on execution of trades, if any; and
- (c) Investor Education and awareness fees of at least 2 basis point on daily net assets of respective schemes. The Goods and Services Tax on brokerage and transaction costs which are incurred for the purpose of execution of trade, will be within the limit of prescribed under Regulation 52 of SEBI Regulations.

These estimates have been made in good faith by the AMC as per the information available to AMC –the investment manager, based on the past experience and are subject to change inter-se. The expenses may be more than as specified in the table above, but the total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI Regulations. Expenses over and above the permissible limits will be borne by the AMC and/or the Trust and/ or the sponsor. The purpose of the above table is to assist the unitholder in understanding the various costs and expenses that a unitholder in the Scheme will bear directly or indirectly.

The mutual fund would update the current expense ratios on the website at least three working days prior to the effective date of the change. Additionally, AMCs shall upload the TER details on the website under the below link: <https://www.sundarammutual.com/downloads-disclosures.aspx>
<https://www.sundarammutual.com/TER>

Any other expenses that are directly attributable to the Scheme, and permissible under SEBI (Mutual Funds) Regulations, 1996 from time to time, may be charged within the overall limits as specified in the Regulations.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.

The Scheme shall strive to reduce the level of these expenses so as to keep them well within the maximum limits currently allowed by SEBI and any revision in the said expenses limits by SEBI would be applicable.

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan.

D. LOAD STRUCTURE

Entry Load: Nil.

Exit Load:

If redeemed/ switched on or before 365 days from the date of allotment:

- Nil for redemption/ switch, withdrawn by way of SWP or transferred by way of STP out of units upto 24% of the units allotted (the limit)
- 1% on redemption in excess of 24% of the limit stated above- Redemption of units would be done on First in First out Basis (FIFO)
- Nil thereafter

Further, exit load will be waived on Intra-scheme and Inter scheme Switch-outs/STP.

For the current applicable structure, please refer to the website of www.sundarammutual.com and Load structure is indicated as a percentage of NAV.

- 3) A switch-out or a withdrawal under Regular Withdrawal Plan (RWP) / Systematic Transfer Plan (STP) shall also attract an Exit Load like any Redemption.
- 4) No exit load shall be levied for switch-out from Direct Plan to Regular Plan or from Regular Plan to Direct Plan. However, any subsequent switch-out or redemption of such investment from Regular Plan/ Direct Plan shall be subject to exit load based on the original date of investment in the Direct Plan/ Regular Plan.

No exit load shall be levied for switching between Options under the same Plan within the Scheme.

- 5) Switch of investments between Plans under a Scheme having separate portfolios, will be subject to applicable exit load. No load shall be applicable for switches between options under the same Plan.
- 6) In accordance with the requirements specified by the SEBI circular no. SEBI/IMD/CIR No.4/168230/09 dated June 30, 2009 inter alia no entry load will be charged by the Fund with effect from August 01, 2009. Upfront commission on investment made by the investor, if any, shall be paid to the ARN Holder directly by the investor, based on the investor's assessment of various factors including service rendered by the ARN holder.
- 7) Effective October 01, 2012, exit load (if any) charged to the unit holders by the Mutual Fund on redemption (including switch out) of units shall be credited to the respective scheme net of Goods and Services Tax. Goods and Services Tax on exit load, if any, shall be paid out of the exit load proceeds.
- 8) Load structure is variable and subject to change from time to time, in alignment with provisions of the relevant SEBI Regulations/Guidelines. The AMC reserves the right to change/modify exit/switchover load (including zero load), depending upon the circumstances prevailing at any given time. A notice intimating the change shall be displayed on the website / Investor service centre.

The AMC may also:

- i. Attach the Addendum to Scheme Information Document and Key Information Memorandum and / or circulate the same to Distributors / Brokers so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
- ii. Arrange to display the addendum to the Scheme Information Document in the form of a notice in all the investor service centres and distributors/brokers office.
- iii. Disclose exit load/ CDSC in the statement of accounts issued after the introduction of such load/CDSC.
- iv. take other measures which it may feel necessary.

The investor is requested to check the prevailing load structure of the scheme before investing. For the current applicable structure, he may refer to the website of the AMC - www.sundarammutual.com or may call at 1800 425 5600 or your distributor.

- 2) Load on switch out will be same as exit load applicable to the respective schemes.

If the Applicable NAV is Rs11.25 and a 1% exit load is charged the repurchase price will be calculated as follows:

E.g. Repurchase Price = Applicable NAV x (1-Exit Load, if any).

Therefore, the Repurchase Price would be Rs11.25 x (1-1.00% of Rs11.25) = Rs11.1375.

- 3) The repurchase price shall not be lower than 93% of the NAV and the sale price shall not be higher than 105% of the NAV. However, the difference between the repurchase price and sale price shall not exceed 5% on the sale price.
- 4) The exit load may be linked to the period of holding. Any imposition/enhancement or change in load structure shall be applicable on prospective investment only. However, any change at a later stage shall not affect the existing unit holders adversely.

Transaction Charges –

In accordance with SEBI Circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011, Sundaram Asset Management Private Limited (SAMC) /SundaramMutual Fund(SMF) shall deduct Transaction Charges on purchase / subscription received from the Investors through Distributors/Agents (who have opted to receive the transaction charges) as under:

- (i) First Time Mutual Fund Investor (across Mutual Funds): Transaction charge of Rs.150/- for subscription of Rs.10,000 and above will be deducted from the subscription amount and paid to the Distributor/Agent of the first time investor and the balance shall be invested.

First time investor in this regard shall mean an Investor who invests for the first time ever in any Mutual Fund either by way of Subscription or Systematic Investment Plan.

- (ii) Investor other than First Time Mutual Fund Investor: Transaction charge of Rs.100/- per subscription of Rs. 10,000 and above will be deducted from the subscription amount and paid to the Distributor/Agent of the investor and the balance shall be invested.

However, Transaction Charges in case of investments through Systematic Investment Plan (SIP) shall be deducted only if the total commitment (i.e. amount per SIP installment x No. of installments) amounts to Rs.10,000/- or more. The Transaction Charges shall be deducted in 3-4 installments.

- (iii) Transaction charges shall not be deducted for:

- purchases /subscriptions for an amount less than Rs.10,000/-;
- transaction other than purchases/ subscriptions relating to new inflows such as Switch/Systematic Transfer Plan/IDCW/Transfer Sweep facility under the Half Yearly IDCW Option of the Scheme etc.;
- purchases/subscriptions made directly with the Fund (i.e. not through any Distributor/Agent);
- transactions routed through Stock Exchange route.

Statement of Account issued to such Investors shall state the net investment as gross subscription less transaction charge and mention the number of units allotted against the net investment.

Further, in accordance with SEBI Circular No. SEBI/IMD/CIR/No.4/168230/09 dated June 30, 2009, upfront commission to Distributors/Agents shall be paid by the Investor directly to the Distributor/Agent by a separate cheque based on his assessment of various factors including the service rendered by the Distributor/Agent.

SECTION II

I. Introduction

A. Definitions/interpretation

The detailed definitions/ interpretations refer to the link on website of the mutual fund viz.

B. Risk factors

Standard Risk Factors:

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rates of the securities in which the scheme invests fluctuate, the value of your investment in the Scheme may go up or down. As with any investment in stocks, shares and securities, the NAV of the Units under the Scheme can go up or down, depending on the factors and forces affecting the capital markets.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the scheme.
- Sundaram ELSS Tax Saver Fund is only the name of the scheme and does not in any manner indicate either the quality of the scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs 1 lakh made by them towards setting up the Fund (The present scheme) is not a guaranteed or assured return scheme.

Specific Risk Factors:

Risk Associated with Investing in Equities –

- The value of Scheme's investments may be affected by factors affecting the Securities markets and price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies if the Government, taxation laws and political, economic or other developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Consequently, the NAV of the units of the Scheme may be affected.
- Equity & Equity related securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Schemes' portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Schemes' portfolio.
- The liquidity and valuation of the Scheme investments due to the holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.
- Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options.
- The liquidity of the scheme is inherently restricted by trading volumes in securities in which it invests.
- Investment decisions made by the Investment Manager may not always be profitable.

Risk Associated with Investing in Debt and / or Money Market Instruments-

Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

Credit Risk: In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may

default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government Securities, there is no credit risk to that extent.

Re-investment Risk: Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.

Interest Rate Movement (Basis Risk): The changes in the prevailing rates of interest will likely affect the value of the Schemes' holdings until the next reset date and thus the value of the Schemes' Units will be affected. Increased rates of interest, which frequently accompany inflation and/ or a growing economy, are likely to have a negative effect on the value of the Units. The value of securities held by the Scheme generally will vary inversely with changes in prevailing interest rates. The fund could be exposed to the interest rate risk (i) to the extent of time gap in resetting of the benchmark rates, and (ii) to the extent the benchmark index fails to capture the interest rate movement.

Prepayments and Charge Offs Risk: In the event of prepayments, investors may be exposed to changes in tenor and yield. Also, any Charge Offs would result in the reduction in the tenor of the Pass Through Certificates (PTCs).

Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. However depending upon the market conditions the spreads may move adversely or favorably leading to fluctuation in NAV.

Risk Factors Associated with Investments in REITs and InvITS:

Interest-Rate Risk: REITs & InvITs carry interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

Risk of lower than expected distributions: The distributions by the REIT or InvIT will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/INVIT receives as dividends or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things:

- success and economic viability of tenants and off-takers
- economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets
- debt service requirements and other liabilities of the portfolio assets and fluctuations in the working capital needs
- ability of portfolio assets to borrow funds and access capital markets
- amount and timing of capital expenditures on portfolio assets

Liquidity Risk: This refers to the ease with which REIT/InvIT units can be sold. There is no assurance that an active secondary market will develop or be maintained. Hence there would be time when trading in the units could be infrequent. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists.

Price-Risk: The valuation of the REIT/InvIT units may fluctuate based on economic conditions, fluctuations in markets (eg. real estate) in which the REIT/InvIT operates. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian law in the event of insolvency or liquidation of any of the portfolio assets.

The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

Risks associated with Investing in Foreign Securities

Subject to necessary approvals and within the investment objectives, the Scheme may invest in overseas markets which carry risks related to fluctuations in the foreign exchange rates, the nature of the securities market of the country, repatriation of capital due to exchange controls and political circumstances.

It is the AMC's belief that investment in foreign securities offers new investment and portfolio diversification opportunities into multimarket and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme would invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated under the Regulations or by RBI from time to time. The Scheme may invest in ADR/GDR/Foreign Securities and / or other securities as may be permissible and described in SEBI Circular Reference No. SEBI/IMD/CIR NO. 7/104753/07 dated September 26, 2007, SEBI Circular Reference No. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 05, 2020 and SEBI/HO/IMD/IMD-II/DOF3/P/CIR/2021/571 dated June 03, 2021 as may be amended from time to time, within the overall applicable limits and within the scheme specific asset allocation pattern.

As per the extant SEBI (MF) Regulation, the Fund is permitted to invest USD 1 billion. However, the overall limit for the Mutual Fund Industry is USD 7 billion. The Scheme therefore may or may not be able to utilise the limit of USD 1 billion due to the USD 7 billion limit being exhausted by other Mutual Funds. Further, the overall ceiling for investment in overseas Exchange Traded Funds (ETFs) that invests in securities is USD 1 billion subject to a maximum of USD 300 million per mutual fund. As and when the investment limits are breached, the subscriptions into the Scheme shall be suspended till further notice by the AMC.

Ongoing period: During the ongoing period the scheme shall have an investment headroom of 20% of the average AUM of schemes of Sundaram Mutual Fund in Overseas securities / Overseas ETFs of the previous three calendar months shall be available for that month to invest in Overseas securities / Overseas ETFs subject to maximum limits of USD 1 billion. As and when the investment limits are breached, the subscriptions into the Scheme shall be suspended till further notice by the AMC.

The above limits are subject to change from time to time based on changes in the regulatory requirements

Overseas investments will be made subject to any/all approvals, conditions thereof as may be stipulated under the Regulations or by RBI and provided such investments are consistent with costs and expenses attendant to international investing and do not result in expenses to the Scheme in excess of the ceiling on expenses prescribed under Regulations. The Fund may, where necessary, may appoint other intermediaries of repute as advisors, custodian/sub custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs and overseas regulatory costs.

To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of said foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

Risks associated with Investing in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. The AMC may use various derivative products, as

permitted by SEBI and the RBI from time to time, in an attempt to optimize the value of the portfolio and enhance Unit holder's interest/value of the Scheme. As and when the Scheme trades in the derivatives market, there are risk factors and issues concerning the use of derivatives that investors should understand. Derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but also of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counter party") to comply with the terms of the derivatives contract. The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate in line with underlying assets, rates and indices.

Also, the market for derivative instruments is relatively nascent in India and does not have the volumes which may be seen in other developed markets, which may result in volatility to the values. Derivatives require the maintenance of adequate controls to monitor the transactions and the embedded market risks that a derivative adds to the portfolio. Besides the price of the underlying asset, the volatility, tenor and interest rates affect the pricing of derivatives.

Other risks in using derivatives include but are not limited to:

(a) **Credit Risk** – this occurs when a counterparty defaults on a transaction before settlement and therefore, the Scheme(s) is compelled to negotiate with another counter party, at the then prevailing (possibly unfavorable) market

price, in order to maintain the validity of the hedge. For exchange traded derivatives, the risk is mitigated as the exchange provides a guaranteed settlement but one takes the performance risk on the exchange.

(b) **Market Liquidity risk** – this occurs where the derivatives cannot be sold (unwound) at prices that reflect the underlying assets, rates and indices.

(c) **Model Risk** - this is risk of mis-pricing or improper valuation of derivatives.

(d) **Basis Risk** – This risk arises when the instrument used as a hedge does not match the movement in the instrument/ underlying asset being hedged. The risks may be inter-related also; for e.g. interest rate movements can affect equity prices, which could influence specific issuer/industry assets.

Trading in derivatives carry a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.

Interest Rate Swaps (IRS) are highly specialized instruments that require investment technique and risk analysis different from those associated with equity shares and other traditional securities. The use of a IRS requires not only an understanding of the referenced asset, reference rate, or index but also of the swap itself, without the benefit of observing the performance of the swap under all possible market conditions. Swap agreements are also subject to liquidity risk, which exists when a particular swap is difficult to purchase or sell. Swap agreements may be subject to pricing risk, which exists when a particular swap becomes extraordinarily expensive (or cheap) relative to historical prices or the prices of corresponding cash market instruments. IRS agreements are also subject to counterparty risk on account of insolvency or bankruptcy or failure of the counterparty to make required payments or otherwise comply with the terms of the agreement.

Risks associated with investing in Securitised Debt

The Scheme may invest in domestic securitised debt such as Asset Backed Securities (ABS) or Mortgage Backed Securities (MBS). Asset Backed Securities (ABS) are securitised debts where the underlying assets are receivables arising from various loans including automobile loans, personal loans, loans against consumer durables, etc.

Mortgage Backed Securities (MBS) are securitised debts where the underlying assets are receivables arising from loans backed by mortgage of residential / commercial properties. ABS/ MBS instruments reflect the undivided interest in the underlying pool of assets and do not represent the obligation of the issuer of ABS/MBS or the originator of the underlying receivables. The ABS/MBS holders have a limited recourse to the extent of credit enhancement provided. If the delinquencies and credit losses in the underlying pool exceed the credit enhancement provided, ABS/MBS holders will suffer credit losses. ABS/MBS are also normally exposed to a higher level of reinvestment risk as compared to the normal corporate or sovereign debt.

At present in Indian market, following types of loans are securitised:

- Auto Loans (cars / commercial vehicles / two wheelers)
- Residential Mortgages or Housing Loans
- Consumer Durable Loans
- Personal Loans
- Corporate Loans

The main risks pertaining to each of the asset classes above are described below:

Auto Loans (cars / commercial vehicles /two wheelers)

The underlying assets (cars, commercial vehicles, two wheelers etc.) are susceptible to depreciation in value whereas the loans are given at high loan to value ratios. Thus, after a few months, the value of asset becomes lower than the loan outstanding. The borrowers, therefore, may sometimes tend to default on loans and allow the vehicle to be repossessed. These loans are also subject to model risk. i.e. if a particular automobile model does not become popular, loans given for financing that model have a much higher likelihood of turning bad. In such cases, loss on sale of repossession vehicles is higher than usual. Commercial vehicle loans are susceptible to the cyclicalities in the

economy. In a downturn in economy, freight rates drop leading to higher defaults in commercial vehicle loans. Further, the second hand prices of these vehicles also decline in such economic environment.

Housing Loans

Housing loans in India have shown very low default rates historically. However, in recent years, loans have been given at high loan to value ratios and to a much younger borrower classes. The loans have not yet gone through the full economic cycle and have not yet seen a period of declining property prices. Thus the performance of these housing loans is yet to be tested and it need not conform to the historical experience of low default rates.

Consumer Durable Loans

The underlying security for such loans is easily transferable without the bank's knowledge and hence repossession is difficult. The underlying security for such loans is also susceptible to quick depreciation in value. This gives the borrowers a high incentive to default.

Personal Loans

These are unsecured loans. In case of a default, the bank has no security to fall back on. The lender has no control over how the borrower has used the borrowed money.

Corporate Loans

These are loans given to single or multiple corporates. The receivables from a pool of loans to corporates are assigned to a trust that issues Pass through certificates in turn. The credit risk in such PTCs is on the underlying pool of loans to corporates. The credit risk of the underlying loans to the corporates would in turn depend of economic cycles.

Further, all the above categories of loans have the following common risks:

All the above loans are retail, relatively small value loans. There is a possibility that the borrower takes different loans using the same income proof and thus the income is not sufficient to meet the debt service obligations of all these loans. In India, there is no ready database available regarding past credit record of borrowers. Thus, loans may be given to borrowers with poor credit record. In retail loans, the risks due to frauds are high.

Risks associated with Short Selling and Securities Lending

- **Short selling –**

Short-selling is the sale of shares that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock he shorted and returns the stock to close out the loan. If the price of the stock has fallen, he can buy the stock back for less than he received for selling it and profits from it (the difference between higher short sale price and the lower purchase price). However, Short positions carry the risk of losing money and these losses may grow theoretically unlimited if the price increases without limit and shall result into major losses in the portfolio. In addition, the short selling will also have the risk of inability to borrow the securities by the seller. Then, it might be possible that the short seller will be required to purchase the securities sold short to cover the short even if the price of the security is higher at the time of the short sale.

If a stock starts to rise and a large number of short sellers try to cover their positions at the same time, it can quickly drive up the price even further. This phenomenon is known as a short squeeze. This might result in major losses in the portfolio.

- **Securities Lending :**

It may be noted that Securities Lending activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends or due to it being comprised of tainted/forged securities, resulting in inadequate value of collateral until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and /or the approved intermediary may suddenly suffer severe business setback and become unable to honor its commitments. This along with a simultaneous fall in value of collateral would render potential loss to the Scheme(s). Besides, there can also be temporary illiquidity of the securities that are lent out and the Scheme(s) may not be able to sell such lent out securities.

Risk factors specific to the Scheme

1. Though the investments would be made in companies having a track record of dividend payments, the performance of the scheme would inter-alia depend on the ability of these companies to sustain dividends in future.
2. These stocks, at times, may be relatively less liquid as compared to growth stocks.
3. The securities in the fund would be predominantly characterized as those having a value style. There could be time periods when securities of this nature would under-perform relative to other stocks in the market. This could have an impact on the relative performance of the fund over differing time periods.

Risks associated with investing in Tri-Party Repo through CCIL (TREPS)

Tri-party Repo i.e. TREPS facilitates, borrowing and lending of funds, in Triparty Repo arrangement. CCIL would be the Central Counterparty to all trades from Tri Party Repo Dealing System (TREPS) and would also perform the role and responsibilities of Triparty Repo Agent, in terms of Repurchase Transactions (Repo) (Reserve Bank) Directions, 2018 as amended from time to time. The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All TREPS trades are settled anonymously and centrally through the infrastructure and settlement systems provided by CCIL. Further the settlement is guaranteed by CCIL. This is a collateralized investment whereby borrowers have to give adequate amount of securities on which a haircut is applied by CCIL. CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral."

CCIL has several risk management processes in place such as initial margin, borrowing limits, identification of eligible collateral, haircuts on eligible collateral, mark to market margins (MTM) and volatility margin are applicable for Triparty Repo trades. There is a default fund for Triparty Repo trades. The exposure monitoring is online and on a pre-order basis, ensuring that orders can be placed only if the member has sufficient initial margin and/or borrowing limits to support the resultant trades. CCIL may temporarily impose volatility margin in case of a sudden

increase in volatility in interest rates. Thus, the settlement and counterparty risks are considerably low.

In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to handle any shortfall arising out of such default and to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall". As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

RISK CONTROL

Since investing requires disciplined risk management, the AMC has incorporated adequate safeguards for controlling risks in the portfolio construction process. The risk control process involves reducing risks through portfolio diversification, taking care however not to dilute returns in the process. The AMC believes that this diversification would help achieve the desired level of consistency in returns. The AMC may also implement certain internal control procedures/risk & exposure limits etc., which may be varied from time to time.

The AMC aims to identify securities, which offer superior levels of yield at lower levels of risks. With the aim of controlling risks, rigorous in-depth credit evaluation of the securities proposed to be invested in, is carried out by the investment team of the AMC.

The Scheme may also use various derivatives and hedging products from time to time, as would be available and permitted by SEBI/RBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest.

Liquidity Risk

For Equity Asset Class, and Equity & Equity Oriented schemes:

Sundaram Asset Management Company (SAMC) evaluates both stock level and portfolio level liquidity of the equity schemes and the concentration of investors and Distributors in the AUM of

each Equity scheme. The portfolio level liquidity of each scheme is estimated every month for very short time horizons as a % of AUM assuming 20% participation in the combined daily average market volume (across all exchanges) for the last three months and the trend of excessive liquidity over the Top Investors and Top Distributors concentration is evaluated. The monthly trend of estimated portfolio liquidity of the scheme, contribution by Top Investors and Top Distributors to the scheme AUM is analysed regularly by the Investment Manager to make relevant changes in the portfolio to maintain adequate portfolio liquidity.

At each investee company's stock level, number of days to liquidate (DTL) a stock position held across by all the schemes of SAMC based on the volume assumptions as mentioned above is measured and monitored every month for increase or decrease in the liquidity levels of the stock position. Exposure to stocks with more than high levels of DTL at the fund house level is monitored every month along with scheme level exposure for such stocks. Cumulative exposure across all schemes to overall free float levels of each stock and significant changes in the free float level of each stock is monitored on a monthly basis.

The trends of the trading volume at the stock level are monitored and significant changes in the trading volume at stock level is discussed during the monthly risk review meetings. The impact cost levels of the Stocks are monitored every month and exposure to the top stocks in terms of impact cost is closely monitored. In addition to this, the bulk / block trades are regularly monitored. The monthly trend of the Liquidity Risk Score for each scheme under the Risk-o-Meter framework is monitored.

For Debt Asset Class, Debt and Debt Oriented Schemes:

Liquidity Risk evaluation Framework for Debt and Debt Orientation Schemes of SAMC is based on the following principles –

- Regular estimation of the scheme portfolio assets by assigning liquidity grades / scores to each category of securities by factoring in the credit rating, maturity levels, sector, issuer type, structure etc.,
- Regular estimation of potential liabilities at the investor level and at the distributor level based on the concentration levels and fund category level redemption probabilities.
- Use of liquidity ratios/tools for monitoring liquidity
- System-based preparation of cash flows with adequate maker/ check controls
- Linkage with stress testing policy, stress events and early warning signals

Liquidity Risk Management (LRM) framework:

A Liquidity Risk Management (LRM) framework was introduced by AMFI during July 2021 (as per AMFI Best Practices Guidelines Circular No.93 / 2021-22) in accordance with the SEBI circular issued during Nov 2020 and Jun 2021. The fund-category wise redemption probability data provided by AMFI which is used for arriving at the Redemption-at-Risk (RaR) and Conditional Redemption-at-Risk (CRaR) requirements, covers all possible outflow (liquidity requirement) scenarios including stress scenarios. Further the factors used for arriving at the potential liquidity requirements for each category of fund is derived from industry data based on last 11-year period. The redemption probability data for RaR & CRaR would be updated annually thereby fulfilling the criteria of both near terms as well as longer term (through the cycle) liquidity events. The LRM framework thus effectively addresses Liquidity Risk evaluation and adequate buffers for managing such requirements through the RaR and CRaR requirements on the asset side for a period of 0-30 days.

The LRM approach focuses on management of mismatch in putative liabilities (arising in short term period of up to 30 days) vis-à-vis the liquid and eligible assets of each scheme, and include the below liquidity ratios –

- Liquidity ratio based on 30-day Redemption at Risk (LR-RaR) requirements
- Liquidity ratio based on Conditional Redemption at Risk (LR-CRaR) requirements

The LRM framework also highlights additional factors contributing to the Liquidity Risk like Investor Concentration and Distributor concentration, for which additional mark-up in the Liquidity Ratio would be applied if the concentration levels are beyond certain maximum thresholds.

Back testing of the RaR and CRaR is done for each scheme every month by comparing RaR and CRaR fixed at the start of the month with the actual redemptions that have occurred during the month to evaluate the need for further mark-up in the RaR and CRaR levels. Comparison of LR- CRaR with the proportion of the fund AUM beyond the exit load period and proportion of the fund AUM beyond the long-term capital gain window (3 year holding period) is also be done to evaluate the adequacy of the LR-CRaR.

Asset-Liability Management (ALM):

With up to 30-day Liquidity Risk Management Covered under the LRM Framework, the ALM framework is intended to address a slightly longer-term asset Liability matching up to a period of 90 days.

The redemption probability data input on the liability side and the value realization assumptions on the asset side for these calculations has been provided by AMFI and is based on similar methodology used for the LRM Framework, i.e., 11 years industry level fund category wise redemption data ending October 2020. In line with the LRM framework, this data will also be revised by AMFI once a year.

The ALM framework calculates potential liquidity requirements (net AUM change) over a 90-day period with a confidence interval of 95% for the four liability buckets mentioned in the LRM circular i.e., Rs. 0-1 Cr, Rs.1 to 5 Cr, Rs. 5 to 100 Cr and more than Rs.100 Cr. Against this data, the asset side is expected to be evaluated by applying haircuts in line with Risk-o-Meter scores in an accelerated (non – linear) manner.

The adequacy on the asset side vs the liability side is measured monthly (like under the LRM framework). Any negative gaps in this ALM framework would trigger asset realignment in the fund portfolio or any other appropriate efforts at the sales side in terms of moderating the investor concentration.

Stress Testing Framework:

Liquidity Risk is also evaluated under the Stress Testing Framework by assuming certain liquidity stress impact scenarios for various rating categories, maturity buckets and issuer types of securities.

SAMC regularly evaluates the intraday liquidity requirements and ensure that there are sufficient liquid assets, back up facilities in terms of intra-day bank limits, short term borrowing limits etc., for meeting the liquidity requirements considering seasonal / event based factors.

As a part of the Liquidity Risk evaluation framework for debt asset class/schemes, SAMC regularly evaluate the trend of the top investor and top distributor concentration and the trend of the liquidity risk score under the Risk-o-Meter Framework.

Minimum Number of Investors & Single-Investor Limit

As per SEBI Regulations, the Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme in each calendar quarter on an average basis. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulation would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

Special Considerations

Prospective investors should review / study this Scheme Information Document carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial/ investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of units and to the treatment of income (if any), capitalisation, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalisation, disposal (sale, transfer, switch or redemption or conversion into money) of units within their jurisdiction / of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed Scheme to be used to purchase/gift units are subject, and (also) to determine possible legal, tax, financial or other consequences of subscribing / gifting to, purchasing or holding units before making an application for units.

Neither this Scheme Information Document nor the units have been registered in any jurisdiction outside India. The distribution of this Scheme Information Document in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this Scheme Information Document in certain jurisdictions are required to inform themselves about, and to observe, any such restrictions. No person receiving a copy of this Scheme Information Document or any accompanying application form in such jurisdiction may treat this Scheme Information Document or such application form as constituting an invitation to them to subscribe for units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Neither the delivery of this Scheme Information Document nor any sale made hereunder shall, under any circumstances, create any implication that the information contained herein is correct.

The scheme got the approval from the AMC and Trustee to enable the segregation of portfolio in case of credit event

SEBI vide circular number SEBI/HO/IMD/DF2/CIR/P/2018/160 and dated 28th December 2018 prescribed the procedure for segregation of portfolio in mutual fund schemes. Following is the extract from the circular:

1. Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:
 - Downgrade of a debt or money market instrument to 'below investment grade', or
 - Subsequent downgrades, or
 - Similar such downgrades of a loan rating.

2. In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events and implemented at the ISIN level.
3. Creation of segregated portfolio shall be optional and at the discretion of the AMC. It should be created only if the SID of the scheme has provisions for segregated portfolio with adequate disclosures.
4. AMCs shall have a detailed written down policy on creation of segregated portfolio and the same shall be approved by the trustees.
5. Process for creation of segregated portfolio
 - a. AMC shall decide on creation of segregated portfolio on the day of credit event. Once an AMC decides to segregate portfolio, it shall
 - i. seek approval of trustees prior to creation of the segregated portfolio.
 - ii. immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors.
 - iii. ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.
 - b. Once trustee approval is received by the AMC,
 - i. Segregated portfolio shall be effective from the day of credit event ii. AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.
 - ii. An e-mail or SMS should be sent to all unit holders of the concerned scheme.
 - iii. The NAV of both segregated and main portfolio shall be disclosed from the day of the credit event.
 - v. All existing investors in the scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - vi. No redemption and subscription shall be allowed in the segregated portfolio. however, in order to facilitate exit to unit holders in segregated portfolio, AMC shall enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests.
 - c. If the trustees do not approve the proposal to segregate portfolio, AMC shall issue a press release immediately informing investors of the same.
6. Valuation and processing of subscriptions and redemptions
 - a. the valuation should take into account the credit event and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets).
 - b. All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as per the existing circular on applicability of NAV as under:
 - i. upon trustees' approval to create a segregated portfolio
 - Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
 - Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
 - ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio (scheme portfolio including the securities affected by the credit event).

Regulatory Risks: Neither this SID nor the Units have been registered in any jurisdiction. The distribution of this SID in certain jurisdictions may be restricted or subject to registration requirements and, accordingly, persons who come into possession of this SID are required to inform themselves about, and to observe, any such restrictions. No person receiving a copy of this SID or any accompanying application form in such jurisdiction may treat this SID or such application form as constituting an invitation to them to subscribe for Units, nor should they in any event use any such application form, unless in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance with any registration or other legal requirements. Accordingly, this SID does not constitute an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not lawful or in which the person making such offer or solicitation is not qualified to do so or to anyone to whom it is unlawful to make such offer or solicitation. It is the responsibility of any persons in possession of this SID and any persons wishing to apply for Units

pursuant to this SID to inform themselves of and to observe, all applicable laws and Regulations of such relevant jurisdiction.

Prospective investors should review/study this SID along with SAI carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation, or financial/investment matters and are advised to consult their own professional advisor(s) as to the legal or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (sale, transfer, switch or redemption or conversion into money) of Units and to the treatment of income (if any), capitalization, capital gains, any distribution, and other tax consequences relevant to their subscription, acquisition, holding, capitalization, disposal (sale, transfer, switch or redemption or conversion into money) of Units within their jurisdiction/of nationality, residence, domicile etc. or under the laws of any jurisdiction to which they or any managed Funds to be used to purchase/gift Units are subject, and (also) to determine possible legal, tax, financial or other consequences of subscribing/gifting to, purchasing or holding Units before making an application for Units.

No person has been authorized to give any information or to make any representations not confirmed in this SID in connection with the Offer of Units, and any information or representations not contained herein must not be relied upon as having been authorized by the Mutual Fund or the AMC or the Trustee. Statements made in this SID are based on the law and practice currently in force in India and are subject to change therein. Neither the delivery of this SID nor any sale made hereunder shall, under any circumstances, create any impression that the information herein is correct as of any time subsequent to the date hereof.

Performance Risk: The value of (and income from) an investment in the Scheme can decrease as well as increase, depending on a variety of factors, which may affect the values and income generated by a Scheme's portfolio of securities. The returns of a Scheme investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, changes in government and Reserve Bank of India policy, taxation, political, economic or other developments and closure of the stock exchanges. Investors should understand that the investment composition indicated for the Scheme, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there can be no assurance that the Scheme's investment objective will be attained nor will the Scheme be in a position to maintain the model percentage of investment pattern/composition particularly under exceptional circumstances such that the interest of the unit holders are protected.

The AMC will endeavor to invest in highly researched growth companies, however the growth associated with equities is generally high as also the erosion in the value of the investments/portfolio in the case of the capital markets passing through a bearish phase is a distinct possibility. Changes in the prevailing rates of interest are likely to affect the value of the Scheme investments and thus the value of the Scheme's Units. The value of money market/debt instruments held by the Scheme generally will vary inversely with the changes in prevailing interest rates. The AMC, while investing in fixed income instruments like debt, etc., shall consider and evaluate the risk of an issuer's ability to meet principal and interest payments (credit risk) and also the price volatility due to such factors as interest sensitivity, market perception or the creditworthiness of the issuer and general market liquidity (market risk). While it is the intent of the AMC to invest primarily in more highly rated debt securities and highly researched growth companies, the Scheme may from time to time invest in high yielding/growth, lower rated and/or privately placed/unlisted/securitised securities. Lower rated or unrated securities are more likely to react to developments affecting market and credit risk than highly rated securities. The credit risk factors pertaining to lower rated securities also apply to lower rated zero coupon, deferred interest bonds.

Techniques Risk: The Scheme may use techniques (including derivatives, futures and options, warrants, etc.) and instruments that may be permitted and/or that may become permissible under SEBI/RBI Regulations and/or Regulations and/or statutory modification or re-enactment thereof for efficient portfolio management and to attempt to hedge or reduce the risk of such fluctuation. However, these techniques and instruments, if imperfectly used have the risk of the scheme incurring losses due to mismatches particularly in a volatile market. The Fund's ability to use these techniques may be limited by market conditions, regulatory limits and tax considerations (if any). The use of these techniques is dependent on the ability to predict movements in the prices of securities being hedged and movements in interest rates. There exists an imperfect correlation between the hedging instruments and the securities or market sectors being hedged. Besides, the fact that skills needed to use these instruments are different from those needed to select the Fund's/Scheme's securities. There is a possible absence of a liquid market for any particular instrument at any particular time even though the futures and options may be bought and sold on an organized stock exchange. The use of these techniques involves possible impediments to effective portfolio management or the ability to meet repurchase/redemption requests or other short-term obligations because of the percentage of the Scheme's assets segregated to cover its obligations.

Political Risk: Whereas the Indian market was formerly restrictive, a process of deregulation has been taking place over recent years. This process has involved the removal of trade barriers and other protectionist measures, which could adversely affect the value of investments. It is possible that future changes in the Indian political situation, including political, social, or economic instability, diplomatic developments and changes in laws or regulations could have an effect on the value of investments. Expropriation, confiscatory taxation, or other relevant developments could also affect the value of investments.

Forex Risk: The scheme may also invest in overseas financial assets in accordance with the guidelines issued by the concerned regulatory authorities in India. To the extent that the assets of the Scheme will be invested in securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distribution and income may be adversely affected by changes in the value of respective foreign currencies relative to the Indian rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it or other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration and bi-lateral conflict leading to immobilisation of the overseas financial assets.

Liquidity and Settlement Risks: The liquidity of the Scheme's investments may be inherently restricted by trading volumes, transfer procedures and settlement periods. From time to time, the Scheme will invest in certain securities of certain companies, industries, sectors etc. based on certain investment parameters as adopted internally by AMC. While at all times the Trustees and the AMC will endeavor that excessive holding/investment in certain securities of industries, sectors, etc. by the Scheme be avoided, the assets invested by the Scheme in certain securities of industries, sectors, etc. may acquire a substantial portion of the Scheme's investment portfolio and collectively may constitute a risk associated with non-diversification and thus could affect the value of investments. The Scheme may have difficulty in disposing of certain securities because the security may be unlisted, due to greater price fluctuations there may be a thin trading market, different settlement periods and transfer procedures for a particular security at any given time. Settlement, if accomplished through physical delivery of stock certificates, is labour and paper intensive and may affect the liquidity. It should be noted that the Fund bears the risk of purchasing fraudulent or tainted papers. The secondary market for money market/debt securities does exist, but is generally not as liquid as the secondary market for other securities. Reduced liquidity in the secondary market may have an adverse impact on market price and the Scheme's ability to dispose of particular securities, when necessary, to meet the Scheme's liquidity needs or in response to a specific economic event, such as the deterioration in the creditworthiness of the issuer, etc. or during restructuring of the Scheme investment portfolio. Furthermore, from time to time, the AMC, the Custodian, the Registrar, any Associate, any distributor, dealer, any company, corporate body, trust, any scheme/Mutual Fund managed by the AMC or by any other AMC may invest in the Scheme. While at all times the Trustees and the AMC will endeavor that excessive holding of Units in the Scheme among a few unit holders is avoided, however, the amounts invested by these aforesaid persons may acquire a substantial portion of the Scheme's outstanding Units and collectively may constitute a majority unit holder in the Scheme. Accordingly, redemption of Units held by such persons may have an adverse impact on the value of the redemption and may impact the ability of the unit holders to redeem their respective Units.

Details under FATCA/Common Reporting Standards (CRS)/Foreign Tax Laws

Compliance under Foreign Account Tax Compliance Act /Common Reporting Standard requirements: Foreign Account Tax Compliance Act: Foreign Account Tax Compliance Act ("FATCA") is a United States (US) law aimed at prevention of tax evasion by US citizens and residents ("US Persons") through use of offshore accounts. FATCA obligates foreign financial institution (FFIs), including Indian financial institutions to provide the US Internal Revenue Service (IRS) with information on the accounts of to report accounts held by specified US Persons. FATCA requires enhanced due diligence processes by the FFI so as to identify US reportable accounts. With respect to individuals, the US reportable accounts would cover those with US citizenship or US residency. The identification of US person will be based on one

or more of following "US indicia" • Identification of the Account Holder as a US citizen or resident; Unambiguous indication of a US place of birth; • Current US mailing or residence address (including a US post office box); • Current US telephone number; • Standing instructions to transfer funds to an account maintained in USA; • Current effective power of attorney or signing authority granted to a person with a US address; or • An "in-care of or "hold mail" address that is the sole address that the Indian Financial Institution has on the file for the Account Holder. Since domestic laws of sovereign countries, (including India) may not permit sharing of confidential client information by FFIs directly with US IRSk, the U.S. has entered into Inter-Governmental Agreement (IGA) with various countries. The IGA between India and USA was signed on 9th July, 2015, which provides that the Indian FIs will provide the necessary information to Indian tax authorities, which

will then be transmitted to USA automatically. Common Reporting Standard - The New Global Standard for Automatic Exchange of Information: On similar lines as FATCA, the Organization of Economic Development (OECD), along with the G20 countries, of which India is a member, has released a "Standard for Automatic Exchange of Financial Account Information in Tax Matters", in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI). The CRS on AEOI was presented to G20 Leaders in Brisbane on 16th November, 2014. On June 3, 2015, India has joined the Multilateral Competent Authority Agreement (MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the "source" jurisdiction to collect and report information to their tax authorities about account holders "resident" in other countries, such information having to be transmitted 'automatically' annually. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the "resident" countries. Accordingly with effect from November 1, 2015 all investors will have Sundaram Mutual Fund / the AMC is classified as a 'Foreign Financial Institution' under the FATCA provisions. Accordingly, the AMC / Mutual Fund will be required to undertake due diligence process and identify US reportable accounts and collect such information / documentary evidences of the US and / or non-US status of its investors / Unit holders and disclose such information (directly or through its agents or service providers) as far as may be legally permitted about the holdings / investment returns to US Internal Revenue Service (IRS) and / or the Indian Tax Authorities. The MF has registered with US Internal Revenue Service (IRS) and has obtained a Global Intermediary Identification Number (GIIN): EY9227.99999.SL.356 for the said reporting purposes.

FATCA/CRS due diligence will be directed at each investor / Unit holder (including joint investor) and on being identified as a reportable person / specified US person, all the folios will be reported. In case of folios with joint holders, the entire account value of the investment portfolio will be attributable under each such reportable person. An investor / Unit holder will therefore be required to furnish such information as and when sought by the AMC in order to comply with the information reporting requirements stated in IGA and circulars issued by SEBI/Government of India in this regard from time to time. The information disclosed may include (but is not limited to) the identity of the investors and their direct or indirect beneficiaries, beneficial owners and controlling persons. Investors / Unitholders should consult their tax advisors regarding FATCA/CRS requirements with respect to their situation.

II. Information about the scheme:

A. Where will the scheme invest

- The corpus of the Scheme shall be predominantly invested in equity and equity related instruments of *high dividend yield companies. The fund is defining dividend yield as "high" if the security is either constituent of the Nifty Dividend Opportunities 50 Index, or, has a dividend yield higher than that of the NSE Nifty on the earlier trading day, at the time of investment. The overall portfolio structuring would aim at controlling risk at a moderate level. The Scheme shall invest a part of its corpus in equity / equity related instruments other than those mentioned above. Further the Scheme may also invest part of its corpus in money market securities/instruments/funds, to manage its liquidity requirements. However, due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short term defensive considerations, and the intention being at all times to protect the interests of the Unit Holder;

*High Dividend Yield Companies are defined as Companies whose dividend yield, at the time of investment, is equal to or higher than the dividend yield of the Company with the lowest dividend yield in the Nifty Dividend Opportunities 50 Index, ascertained as at the close of previous trading day

While the criterion of high dividend-yields would be used to identify the investment universe from which the portfolio will be constructed, within this universe, there will be a strong focus on selecting companies with a consistent dividend track-record, strong business fundamentals, good quality of management, strong cash generation in excess of their capital expenditure requirements, strong balance sheets and attractive valuations

- At present Mutual Funds are not permitted to participate in Inter Bank Calls. The Scheme will participate in Inter Bank Calls only when Mutual Funds are permitted to do so. The Scheme may participate in securities lending as permitted under the Regulations.
- The Scheme may also invest in another schemes managed by the same AMC or by the AMC of any other mutual fund without charging any fees on such investments, within the limits specified under SEBI Regulations;

The Asset Management Company further reserves the right to invest in derivatives and Foreign debt securities subject to SEBI / RBI or any other Regulatory Authorities permitted from time to time.

Foreign Debt securities shall without limitation include:-

- Foreign debt securities in the countries with fully convertible currencies, short term as well as long term debt instruments with rating not below investment grade by accredited/registered credit rating agencies;
- Money market instruments rated not below investment grade;
- Repos in the form of investment, where the counterparty is rated not below investment grade;
- Government securities where the countries are rated not below investment grade;
- Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities;
- Short term deposits with banks overseas where the issuer is rated not below investment grade;
- Units/securities issued by overseas mutual funds or unit trusts registered with overseas regulators and investing in (a) aforesaid securities, (b) Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or (c) unlisted overseas securities (not exceeding 10% of their net assets)

And such other Securities as may be prescribed by SEBI/RBI from time to time.

The securities may be acquired by the Scheme through Initial Public Offerings (IPOs), secondary market operations, private placement, right offers or negotiated deals. Securities shall be purchased in public offerings, primary/reissues/ Open Market Operations (OMO) auctions / OMO sales, private placement, right offers, negotiated deals or any other mode of investment made available in the market from time to time.

The regulation and limits as applicable under the SEBI (Mutual Funds) Regulations, 1996 are specified under the Para of Investment Restrictions.

Depository

The Securities of the Scheme will be held in demat (electronic) mode and accordingly the rules of the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996 would apply. The service charges payable to the Depository Participant will form a part of the annual recurring expenses.

B. What are the investment restrictions?

Following Investment limitations/restrictions are specific to these Scheme:-

- The Fund under all its Scheme should not own more than 10% of any company's paid up capital carrying voting rights.
- Transfers of investments from one scheme to another scheme of Sundaram Mutual Fund shall be allowed only if:
 - i. The transfer is in adherence with the SEBI circular no. SEBI/HO/IMD/DF4/CIR/P/2020/202 dated October 08, 2020. Key requirements of the circular are stated below:
 - IST shall be permitted only if other resources such as cash and cash equivalent, market borrowing, and selling securities in the market are exhausted.
 - ISTs will be permitted for the rebalancing of a portfolio only if there is a passive breach of regulatory limits or where duration, issuer, sector, and group rebalancing are required in both the transferor and transferee schemes.
 - No inter-scheme transfer of a security shall be allowed, if there is negative news or rumour in the mainstream media or an alert is generated about the security, based on internal credit risk assessment.
 - If the security gets downgraded within a period of four months following such a transfer, the fund manager of the buying scheme will have to provide detailed justification to the trustees for buying such a security.
 - ii. The securities so transferred shall be in conformity with the investment objective of the scheme to which such

transfer has been made.

- iii. Such transfer shall be carried out at the price obtained from valuation agencies in accordance with the guidelines provided in the SEBI circular no. SEBI/HO/IMD/DF4/CIR/P/2019/102 dated September 24, 2019.
- iv. If prices are not received from any valuation agencies within the turn-around-time, such transfers shall be done at the prevailing market price for quoted instruments on spot basis.

[Explanation - "Spot basis" shall have same meaning as specified by stock exchange for spot transactions.]

- A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate interscheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.
- The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities. Provided that the Scheme may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI. Provided further that the Scheme may also enter into derivatives transactions in a recognised stock exchange, subject to the framework specified by the Board. Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.
- The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.
- Pending deployment of Funds of the Scheme in terms of investment objective, the Scheme may invest them in short term deposits of scheduled commercial banks, subject to the guidelines issued by SEBI vide its circular dated April 16, 2007 and September 20, 2019, as amended from time to time:
- The Scheme shall not park more than 15% of the net assets in Short term deposit(s) of all the scheduled commercial banks put together. However, it may be raised to 20% with prior approval of the trustees. Also, parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the mutual fund in short term deposits.
- The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- No funds of the Scheme may be parked in short term deposit of a bank which has invested in the Scheme. It shall be ensured that the bank in which the scheme has parked in short term deposit does not invest in the scheme until the scheme has short term deposit with such bank.
- Short Term for such parking of fund by Mutual Fund shall be treated as a period not exceeding 91 days.
- No investment and advisory fees shall be charged for parking of funds in short term deposits of scheduled commercial banks.
- The scheme shall not make any investment in:
 - any unlisted security of an associate or group company of the sponsor; or
 - any security issued by way of private placement by an associate or group company of the sponsor; or
 - the listed securities of group companies of the sponsor which is in excess of 25% of the net assets
- The Scheme shall not invest in any Fund of Funds Scheme.
- The Scheme shall not invest more than 10% of its NAV in the equity shares or equity related instruments of any Company.
- Provided that, the limit of 10 per cent shall not be applicable for investments in index fund or sector or industry

specific scheme.

- The cumulative gross exposure through equity, debt, derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swaps in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by SEBI from time to time should not exceed 100% of the net assets of the Scheme.
- All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed
- Aggregate value of “Illiquid Securities” of the Scheme, which are defined as non-traded, thinly traded and unlisted equity share, shall not exceed 15% of the total assets of the Scheme.
- **Investment in foreign Securities:**

In accordance with RBI Circular A.P. (DIR) Series Circular No. 3 dated July 26, 2006 read with SEBI Circular SEBI/IMD/CIR No.7/104753/07 dated September 26, 2007, SEBI Circular SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 05, 2020 and SEBI Circular SEBI/HO/IMD/IMD - II/DOF3/P/CIR/2021/571 dated June 03, 2021, the Fund is permitted to invest only up to US\$ 1 billion in identified overseas securities. Such limit and/or identified securities may be revised at the discretion of the Fund in alignment with the provision that may be prescribed in this regard by SEBI/RBI from time to time.

- As per the extant SEBI (MF) Regulation, the Fund is permitted to invest USD 1 billion. However, the overall limit for the Mutual Fund Industry is USD 7 billion. The Scheme therefore may or may not be able to utilise the limit of USD 1 billion due to the USD 7 billion limit being exhausted by other Mutual Funds. Further, the overall ceiling for investment in overseas Exchange Traded Funds (ETFs) that invests in securities is USD 1 billion subject to a maximum of USD 300 million per mutual fund. As and when the investment limits are breached, the subscriptions into the Scheme shall be suspended till further notice by the AMC
- **Ongoing period:** During the ongoing period the scheme shall have an investment headroom of 20% of the average AUM of schemes of Sundaram Mutual Fund in Overseas securities / Overseas ETFs of the previous three calendar months shall be available for that month to invest in Overseas securities / Overseas ETFs subject to maximum limits of USD 1 billion. As and when the investment limits are breached, the subscriptions into the Scheme shall be suspended till further notice by the AMC
- The above limits are subject to change from time to time based on changes in the regulatory requirements.

Where the Scheme may invest a part of its corpus in debt oriented and money market securities/instruments/funds, to manage its liquidity requirements, the investment restrictions specific to debt securities have been provided here below:-

- The scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorized to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of the AMC.

Provided that such limit shall not be applicable for investments in government securities Treasury Bills and TREPS.

Provided further that the investment within such limit can be made in mortgaged backed securitized debt which are rated not below investment grade by a credit rating agency registered with SEBI.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time.

- The scheme shall not invest in unlisted debt instruments including commercial papers except for government securities, other money market instruments and derivative products used by mutual funds for hedging.

Provided that mutual fund schemes may invest in unlisted Non-Convertible Debentures (NCDs) not exceeding 10% of

the debt portfolio of the scheme subject to the condition as may be specified by SEBI from time to time.

For the above clause, listed debt instruments shall include listed and to be listed debt instruments. Investments in CPs will be made only in CPs which are listed or to be listed

The Scheme shall not invest more than 5% of its NAV in unrated debt instruments. Investments will only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder. Investments in unrated debt instruments shall be subject to norms and guidelines as specified by SEBI from time to time. All such investments shall be made with the prior approval of the Board of Trustees and the Board of AMC.

Further the investments by the Scheme shall be in compliance with SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2019/104 dated October 1, 2019 and as amended by SEBI from time to time.

These investment limitations/parameters (as expressed/linked to the net asset/NAV/capital) shall in the ordinary course apply as of the date of the most recent transaction or commitment to invest, and changes do not have to be effected merely because, owing to appreciation or depreciation in value, or by reason of the receipt of any rights, bonuses or benefits in the nature of capital, or of any scheme of arrangement, or for amalgamation, reconstruction or exchange, or at any repayment or repurchase or other reason outside the control of the Fund, any such limits would thereby be breached. If these limits are exceeded for reasons beyond its control, the AMC shall adopt as a priority objective the remedying of that situation, taking due account of the interests of the unit holders.

In addition, certain investment parameters (like limits on exposure to sectors, industries, issuers, etc.) may be adopted internally by the AMC, as amended from time to time, to ensure appropriate diversification/security for the Fund. The AMC may alter these above stated limitations from time to time, and also to the extent the SEBI Regulations change, so as to permit the Fund to make its investments in the full spectrum of permitted investments for Mutual Funds to achieve its investment objective. As such all investments of the Fund will be made in accordance with SEBI Regulations including Schedule VII thereof.

Day - i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

4. For Switch-ins of any amount:

For determining the applicable NAV, the following shall be ensured:

- Application for switch-in is received before the applicable cut-off time.
- Funds for the entire amount of subscription / purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time.
- The funds are available for utilization before the cut-off time.
- In case of 'switch' transactions from one scheme to another, the allocation and settlement shall be in line with redemption payouts.

To clarify, for investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP) and Transfer IDCW, etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization before the cut-off time by the Target Scheme irrespective of the instalment date of the SIP, STP or record date of Income Distribution.

While subscribing to an option under Direct Plan which does not have a NAV, units shall be allotted based on the NAV of corresponding option/ sub-option under the regular Plan. In case of non-availability of NAV in the corresponding option / sub-option (due to NIL investors under the option/sub-option) in the regular plan, the applicable NAV shall be that of the corresponding Growth option under the regular Plan.

<p>Transaction Charge to Distributors</p>	<ol style="list-style-type: none"> 1 The Distributor would be allowed to charge the Mutual Fund Investor a Transaction Charge where the amount of investment is Rs. 10,000/- and above on a per subscription basis 2 For an investor other than First Time Mutual Fund Investor, the Transaction Charge allowed will be Rs. 100/- per subscription of Rs. 10,000/- and above For a First Time Mutual Fund Investor, the Transaction Charge allowed will be Rs. 150/- per subscription of Rs. 10,000/- and above 3 The Transaction Charge, where applicable based on the above criteria, will be deducted by the Investment Manager from the subscription amount remitted by the Investor and paid to the distributor; and the balance (net) amount will be invested in the scheme. Thus units will be allotted against the net investment. 4 No Transaction charges shall be levied: <ol style="list-style-type: none"> a) Where the distributor/agent of the investor has not opted to received any Transaction Charges; b) Where the investor purchases the Units directly from the Mutual Fund (i.e. not through any distributor); c) Where total commitment in case of SIP / Purchases / Subscriptions is for an amount less than Rs. 10,000/-; d) On transactions other than purchases / subscriptions relating to new inflows. Switches / Systematic Transfers / Allotment of Bonus Units / IDCW reinvestment Units / Transfer / Transmission of units, etc will not be considered as subscription for the purpose of levying the transaction charge. e) Purchases / subscriptions carried out through stock exchange(s), as applicable. The distributors can opt-in / opt-out of levying transaction charges based on 'type of the Product/Scheme' instead of 'for all Schemes'. Accordingly, the transaction charges would be deducted from the subscription amounts, as applicable. However, the distributor shall not be able to opt-in or opt-out at the investor- level i.e. a distributor shall not charge one investor and choose not to charge another investor.

	<ol style="list-style-type: none"> During the period of suspension, no commission shall be accrued or payable to the distributor whose ARN is suspended. During the period of suspension, commission on the business canvassed prior to the date of suspension shall stand forfeited, irrespective of whether the suspended distributor is the main ARN holder or a sub-distributor. All Purchase/Switch requests (including under fresh registrations of Systematic Investment Plan (SIP)/ Systematic Transfer Plan (STP) or under SIPs/STPs registered prior to the suspension period) received during the suspension period shall be processed under Direct Plan and shall continue to be processed under Direct Plan perpetually*, with a suitable intimation to the unitholder/s mentioning that the distributor has been suspended from doing mutual fund distribution. * If the AMC receives a written request / instruction from the unitholder/s to shift back to Regular Plan under the ARN of the distributor post the revocation of suspension of ARN, the same shall be honored. Any Purchase/Switch or SIP/STP transaction requests received through the stock exchange platform, from any distributor whose ARN has been suspended, shall be rejected. Additionally, where the ARN of a distributor has been terminated permanently, the AMC shall advise the concerned unitholder(s), who may at their option, either continue their existing investments under regular/distributor Plan under any valid ARN holder of their choice or switch their existing investments from regular/distributor Plan to Direct Plan subject to tax implications and exit load, if any. <p>The transaction charges are in addition to the existing system of commission permissible to the Distributors. On subscription through Distributors, the upfront commission if any will be paid directly by the Investors to the Distributor by a separate cheque based on their assessment of various factors including the service rendered by the Distributor.</p> <p>Any circular/clarification issued by SEBI in this regard will automatically become applicable and will be incorporated in the SID/SAI/KIM wherever applicable.</p>
Allotment on on-going basis	For subscription to units by the investors, the units shall be allotted to them, provided the application is complete in every respect and in order. Failing which the application will be rejected.

The current special facilities offered are as follows:</p> <p>1. Switching Option</p> <p>Investors can opt to switch the units between Regular Plan & Direct Plan and Options therein, at NAV based prices. Switching will also be allowed from any select open ended scheme managed under the Fund, into either scheme existing on the date of switch or during the NFO period of the new scheme at NAV based prices.</p> <p>In the case of NRIs, FIIs, etc. this will be subject to necessary approval (if any) from the Reserve Bank of India and any other approval as applicable. Tax deduction at source, if any, will be effected at the appropriate rate in case of a switch and the balance amount would be utilized to exchange units to the other Scheme.</p> <p>Switching from the Scheme into other existing schemes would be available, after expiry of lock-in period, on a continuous basis, subject to the loads, as may be applicable.</p> <p>A request for switch may be specified either in terms of amount or in terms of the number of units of the scheme/plan/option from which the switch is sought. Such instructions may be provided in writing by completing the switch form or using the relevant tear off section of the Transaction Slip that may be enclosed with the Account Statement and lodging the same on any business day at any of the designated Official Points of Acceptance. The switch will be effected by redeeming units from the scheme in which the units are held and investing the net proceeds in the other Scheme, subject to the minimum balance applicable for the respective Scheme.</p> <p>The price at which the units will be switched out of the scheme / into the scheme will be based on the applicable NAV of the relevant Scheme and after considering any exit loads. The Switch request will be subject to the minimum application amount and other terms and conditions of the scheme for which the Switch request has been made</p> <p>2. Systematic Investment Plan</p> <p>Systematic Investment Plan (SIP) is available for planned and regular investments. Under SIP, unit holders can benefit by investing specified rupee amounts periodically for a continuous period. This concept is called Rupee Cost Averaging. This program allows unit holders to save a fixed amount of rupees every month/quarterly by purchasing additional units of the Scheme.</p> <p>Example</p> <p>Let us take an example of a unit holder who invests Rs.3000/- per month</p> <table><tr><th>Month</th><th>NAV</th><th>Amount (R)</th><th>Units</th></tr><tr><td>April 1</td><td>10.50</td><td>3000</td><td>285.71</td></tr><tr><td>May 1</td><td>10.65</td><td>3000</td><td>281.69</td></tr></table>	Month	NAV	Amount (R)	Units	April 1	10.50	3000	285.71	May 1	10.65	3000	281.69
Month	NAV	Amount (R)	Units										
April 1	10.50	3000	285.71										
May 1	10.65	3000	281.69										

June 1	10.05	3000	298.50
July 1	9.75	3000	307.69
August 1	9.60	3000	312.50
September 1	9.50	3000	315.79
October 1	9.25	3000	324.32
November 1	9.05	3000	331.49
December 1	8.90	3000	337.08
January 1	8.75	3000	342.86
February 1	8.50	3000	352.94
March 1	8.80	3000	340.91
TOTAL		36000	3831.48

Note: The figures of NAV are hypothetical and are for illustrative purposes only.

At the end of one year the unitholder would have 3831.48 units, at an average per unit cost of Rs. 9.40.

Rupee Cost Averaging does not guarantee a profit nor protect against a loss. Rupee Cost Averaging can smooth out the market's ups and downs and reduce the risk of investing in volatile markets.

Features of the SIP

1. The investor can select 'any day of the month' for Systematic Investment Plan ("SIP"). However, in case the chosen date falls on a Non Business Day, the SIP will be processed on the immediate next Business Day. Where the SIP date is not available in a particular month, the same will be processed on the last day of that month. The first cheque and subsequent cheque should not fall in the same month in case of Monthly SIP and in the same quarter in case of Quarterly SIP. The cheques should be drawn in favour of respective Scheme(s) e.g. "XYZ Scheme Name A/c PAN" or "XYZ Scheme Name A/c First Investor Name" or "XYZ Scheme A/c. Folio Number"; and crossed "A/c Payee only". The default date will be considered as 07th of the month in case the installment date is not selected in the SIP form. The above option will be available under both Monthly and Quarterly frequency. SIP can be registered with minimum twelve instalments of INR 500/- each.

2. Investors, who wish to opt for NACH (National Automated Clearing House – One Time Mandate) facility available with select banks, should ensure that there is a minimum time gap of 30 days between the first cheque for SIP enrolment and first installment of SIP through NACH.

3. Unit holders have the right to discontinue the SIP facility at any time by sending a written request to any of the designated Investor Service Centers (ISCs) of Sundaram Mutual Fund. Please also note that notice of such discontinuation should be received at least 21 working days prior to the due date of the next SIP installment.

4. SIP enrolment will be discontinued by AMC in case [a] the SIP installment is not honored consecutively for three SIP installments [b] if any installment of a SIP transaction gets rejected due to the bank account of the Investor being closed, the SIP would be suspended for subsequent SIP transactions and registration will be cancelled for SIP through NACH is closed and the request for change in bank account / Bank Branch is not submitted by the concerned unit holder at least 21 working days before the due date of next SIP installment[d] if the Bank account is frozen for further commercial transaction by the Bank.

5. SIP Top-up feature

The top-up feature under the Systematic Investment Plan is to enable the investors

increase their contribution in an SIP at pre-determined intervals by a fixed amount during the tenure of SIP. This feature is optional and is available to investors under all Schemes offering SIP facility w.e.f. April 21, 2014. The terms & conditions of the Top-up feature are stated below:

1. Frequency for Top-up: Monthly & Quarterly

a. For monthly SIP, the top-up options are:

- Half Yearly Top-up: under this option, the amount of investment through SIP installment shall be increased by an amount chosen by the Investor post every 6th (sixth) SIP installment.
- Yearly Top-up: under this option, the amount of investment through SIP installment shall be increased by an amount chosen by the Investor post every 12th (twelfth) SIP installment.

b. For Quarterly SIP, the top option is

- Yearly Top-up: under this option, the amount of investment through SIP installment shall be increased by an amount chosen by the Investor post every 4th (fourth) SIP installment.

In case the investor who has registered under quarterly SIP has opted for half yearly Top-up, the SIP will be registered and processed as Yearly Top-up. The Top-up feature shall not be available for weekly SIPs.

2. Minimum Top-up Amount: Rs. 500 and in multiples of Rs. 500 thereafter.

3. Default Top-up Frequency and amount:

- a. In case the investor does not specify either the frequency or the amount for Top-up, the applications shall be processed with following default options:
Default frequency - Yearly Default Amount – Rs. 500
- b. In case the investor does not specify the frequency for Top-up and amount for Topup, the application form may be processed as SIP without Top-up feature, subject to it being valid and complete in all other aspects.

4. The SIP period has to be for a minimum of seven complete months in case of half-yearly top up and thirteen complete months for yearly top up.

5. SIP instalment amount has to be a minimum of Rs. 500/- in order to avail the top-up feature under monthly SIP. Otherwise, the transaction would be processed as a SIP without Top-up feature subject to it being valid and complete in all other aspects.

6. The Top-up option must be specified by the investors while enrolling for the SIP facility. The top-up feature can be availed only at the time of registration or renewal of SIP.

Sundaram Large and Mid Cap Fund	Sundaram Balanced Advantage Fund
Sundaram Focused Fund	Sundaram Multi Asset Allocation Fund
Sundaram Multi Cap Fund	Sundaram Aggressive Hybrid Fund
Sundaram Small Cap Fund	Sundaram Equity Savings Fund
Sundaram Dividend Yield Fund	Sundaram Multi-Factor Fund

*The AMC reserves the right to modify the list of eligible schemes from time to time. The Target Scheme is the Scheme in which the Lumpsum switch and Monthly SWP Scheme shall be registered in.

The SWP scheme can be different from the Source scheme to process a Switch and the SWP. If the Target SWP scheme is not mentioned in the application, no switch will be processed and SWP will start from the scheme selected for SIP.

4. Registration: SIP can be registered in the eligible schemes for a fixed period of either 7, 10, 12, 15, 20, 25 or 30 years. The minimum tenure is 7 years, and the **default tenure shall be 20 years when no tenure is selected**. Prosperity SIP can be registered in a separate/new folio or an existing folio. Standalone Existing SIP registrations cannot be converted into Prosperity SIP registrations.

The facility shall be registered only for **MONTHLY** frequency under the eligible Schemes.

5. SIP Installment Amount: The minimum SIP installment amount under Prosperity SIP shall be Rs.2000 and in multiples of Re.1 thereafter.

6. Prosperity SIP will be available on Physical, digital assets (Website and Mobile app) of Sundaram AMC &, Exchange Platforms of BSE and NSE under non-demat mode.

7. Additional Purchases: Additional purchase/ switch-in will be allowed under Source scheme. All clear units will be switched to the target scheme on completion of Prosperity SIP tenure.

8. SWP: Post the Switch, SWP starts on the same date opted for SIP for a pre-determined amount mentioned by the investor in the form. In case the investor does not fill in any SWP amount, the default SWP amount will be derived as per the table below.

Default SWP amounts

Registered SIP Tenure	Default monthly SWP installment
7 years	1.0x of the monthly SIP Installment
10 years	1.5x of the monthly SIP Installment
12 years	2.0x of the monthly SIP Installment
15 years	3.0x of the monthly SIP Installment
20 years	5.0x of the monthly SIP Installment
25 years	8.0x of the monthly SIP Installment
30 years	12.0x of the monthly SIP Installment

SWP under this facility shall be processed up to 31 Dec 2099 or till units (acquired under this facility or otherwise) are available in the SWP Scheme, whichever is earlier.

9. How the facility works:

- On completion of the SIP tenure, the entire accumulated units in the Prosperity SIP facility of the respective scheme will be available for SWP.
- On completion of 15 days from the date of last SIP installment in Source Scheme, the entire amount representing accumulated clear units will be Switched into the investor's chosen Target scheme.
- The Switch will not happen if the target scheme is the same as the source scheme

10. Commencement of SWPs: Post completion of SIP tenure in the source scheme, entire units allotted by way of SIP will be switched to the target scheme (if different from the source scheme) with the applicable load if any on the 15th day from the last SIP instalment date. SWP will start from the target scheme or the same scheme as the SIP if no target scheme has been chosen from the following month on the same day as SIP instalment date.

11. Exit Load: Exit load shall be applicable as follows:

Exit load will be applicable on the switch from Source scheme to target scheme in line with the respective scheme features. For subsequent SWP/redemptions/Switch-outs from the target scheme, exit load will be calculated from the date of unit allotment/Switch In date.

Load amounts are variable and are subject to change from time to time. Investors are requested to ascertain the applicable exit load structure prior to investing

12. Cessation of registration: The registration under the facility including Switch and SWP will be discontinued-

- If three (3) consecutive SIP installments are not honored or the Bank Account [for OTM / Direct Debit / Standing Instruction] is closed.

- On cancellation of SIP before the end of tenure.
- In the case of transmission reported in folio during the tenure period of SIP.

Redemptions/Switch Out in Source scheme: Redemption /Switch outs can be processed in the Source Scheme during the Prosperity SIP's tenure. Units that are redeemed/switched out from the source scheme will be on First in First out (FIFO) basis.

However, if the units in the folio are impacted by way of outflow i.e. redeemed/switched-out, the corresponding Switch and SWP will be discontinued. The SIP alone will continue like a normal SIP until the completion of the SIP tenure.

Redemptions/Switch Out in Target scheme: Redemption/Switch-out in the target scheme under this facility will be allowed during the SWP period and SWP triggers will continue unaffected till the units are available in the target scheme.

All other terms and conditions applicable to Systematic Investment Plan and Systematic Withdrawal Plan (SWP) facilities shall apply mutatis mutandis to this facility. The AMC/Trustee reserves the right to change / modify the terms and conditions of the facility or withdraw from the facility.

Enabling of SIP Top up Facility in BSE and NSE platforms.

Investors are requested to note that SIP Top up facility will be available in Exchange platform of BSE/NSE under Non-Demat Mode.

3. Systematic Withdrawal Plan

After expiry of lock-in period, a unitholder may avail of the Systematic Withdrawal Plan and receive regular payments from the account. The unitholder has an option to select 1st, 11th or 21st day of the month on which the Regular Withdrawal is to be made.

The unitholder may set up a Systematic Withdrawal Plan on a monthly, quarterly or semi-annual or annual basis as follows:

- Redeem a fixed amount

Once the unitholder sets up a Regular Withdrawal Facility the plan would continue until:

- The unitholder instructs the Fund to stop periodic withdrawal in writing; or
- The unitholder's account balance is zero
- On expiry of the time/period specified by the unitholder

The amount thus withdrawn shall be converted into the respective scheme units at the applicable NAV, subject to an exit load, if any (on which date the payment/switch is scheduled), and such units will be subtracted from the unit balance of that unitholder. The minimum balance amount needed for the Regular Withdrawal Plan may be altered from time to time at the discretion of the AMC.

Unitholders may change the amount of Systematic withdrawal/switch but not below the specified minimum amount of repurchase for a particular Scheme by giving 30 days written notice to the Registrars/AMC. The various triggers for activating a Regular withdrawal and/or switch facility can also be used for activating a normal repurchase and/or switch facility.

4. Systematic Transfer/Switch Plan

After expiry of lock-in period, the unitholder may set up a Systematic Switching Plan on a daily, weekly, monthly, quarterly, semi-annual or annual basis to transfer a fixed number of units and /or amount in one scheme to another scheme or one plan/option to another.

Once the unitholder sets up a Systematic Switching Plan the plan would continue until:

- the unitholder instructs the Fund to stop periodic switching in writing; or
- the unitholders account balance is zero.

The unitholder has an option to select 1st, 11th or 21st day of the month on which the Systematic Switch is to be made.

If the selected date is not a business day, the switch will take place on the next business day.

In case of daily and weekly frequency, STP will take place as under:

- (i) Daily – Each Business Day
- (ii) Weekly – (Any day from Monday to Friday)

All switches are subject to the minimum investment and eligibility requirements of the switch in scheme

The amount subject to an exit load, if any, thus switched shall be converted into the respective scheme units at the applicable NAV, (on which date the payment/switch is scheduled), and such units will be subtracted from the unit balance of that unitholder. The minimum balance amount needed for the Systematic Switch Plan may be altered from time to time at the discretion of the AMC.

Unitholders may change the amount of Regular withdrawal/switch but not below the specified minimum amount of repurchase for a particular Scheme by giving 30 days written notice to the Registrars/AMC. The various triggers for activating a Regular withdrawal and/or switch facility can also be used for activating a normal repurchase and/or switch facility. (Available after expiry of the lock-in period.)

The prescribed rate at present is 15% per annum. However if Bank Details are not properly provided by the Investor, the provision regarding payment of interest for delay will not apply. If an investor has opted for IDCW payout and is found to be KYC non-compliant or without a valid PAN, the IDCW amount will be automatically swept into the Sundaram Unclaimed Fund.</p>
Redemption	<p>Repurchase/Redemption Procedure:</p> <p>The units of the Scheme can be repurchased (sold back to the Fund) on any business day. The repurchase request can be made on Application Form/Common Transaction form or by using the relevant tear off section of the Transaction Slip that may be enclosed with the Account Statement, which should be submitted at any of the Official Point of Acceptance. Where the date of redemption is a non-business day, the deemed date for such redemption will be the next business day.</p> <p>In case the units are standing in the names of more than one unit holder, where mode of holding is specified as “jointly”, repurchase requests will have to be signed by all the joint holders. However, in cases of holding specified as ‘either/anyone or survivor’, any one of the joint holders (in case of either/anyone or survivor) will have the power to make repurchase request. However, in all cases, the repurchase proceeds will be paid to the first named holder only.</p> <p>In case a unit holder has subscribed to units on more than one Business Day, the units subscribed to prior in time (that is those units which have been held for the longest period of time), will be deemed to have been repurchased first, that is on a First -In -First-Out basis. However, a unit holder may request the Fund to repurchase units subscribed by him/her at different dates, by indicating the specific date of subscription of the units, which is offered for repurchase.</p> <p>The repurchase would be permitted to the extent of credit balance in the unitholder’s</p>

account. The repurchase request can be made by specifying the Rupee amount or by specifying the number of units to be repurchased. If a repurchase request is for both a specified Rupee amount and a specified number of units, the specified rupee amount will be considered the definitive request. If only the repurchase amount is specified by the unit holder, the AMC will divide the repurchase amount so specified by the applicable NAV based price to arrive at the number of units. The request for repurchase of units could also be in fractions, up to three decimal places.

If the number of Units held by the Investor as per the records maintained by AMC and/or the Registrar is less than the number of Units requested to be redeemed then, all the Units held by the Unit holder in such folio / Scheme / plan for which application for Redemption is made, shall be redeemed. Provided that, where redeem 'all' is specified in the request, all Unit holdings in that Scheme shall be redeemed.

The AMC reserves the right to change the minimum repurchase amount on a prospective basis subject to SEBI Regulations. Unit holders may also request for repurchase of their entire holding and close the account by indicating the same at the appropriate place in the Transaction Slip/Repurchase form

In case if the date of redemption is a non business day, the deemed date will be the next business day

Repurchase Price

The repurchase price will be calculated using the following formula: Repurchase Price = Applicable NAV*(1 – Exit Load, if any).

Example for calculation of Repurchase Price

If the Applicable NAV is Rs. 11.25 and a 1.00% exit load is charged the repurchase price will be calculated

as follows:

Repurchase Price = Rs.11.25 x (1-1.00% of Rs.11.25)

= Rs. 11.25 – Rs. 0.1125

= Rs.11.1375 per unit

The repurchase price shall not be lower than 93% of the NAV.

The AMC reserves the right to modify the exit load. However, any such change in the load structure shall be only on a prospective basis. The unit holder is requested to confirm the applicable exit load at the time of investment from the AMC/OPT.

Payment of Repurchase Proceeds

The time limit set for dispatch of repurchase proceeds will be from the Business Day when the request is accepted at the Official Point of Acceptance. As per the SEBI Regulations, the Fund shall mail the repurchase proceeds within ten Business Days from the date of acceptance of valid request at any of the Official Point of Acceptance, in case of a repurchase request being sent by post.

In the event of failure to dispatch the repurchase or repurchase proceeds within the statutory period specified above as per the SEBI Regulations, the AMC shall be liable to pay interest to the unit holders at such rate (currently 15% per annum) as may be specified by SEBI for the period of such delay.

The payment of redemption proceeds and/or Income Distribution amount may also be released through NEFT / RTGS facility in addition to other options available for releasing the payment.

Unit holder's Bank Account Details

Unit holders are on a mandatory basis are required to mention their bank account details in

their applications/ requests for redemption. Redemption Cheques and/or any other instruments will then be made out in favour of the "Investor Name, Bank Name, Account Number, << >>" for crediting the respective unit holder's account so specified.

In case of those investors who have not provided their bank account details at the time of investment or thereafter, the redemption applications are liable to be rejected. The AMC will not be responsible for any loss arising out of fraudulent encashment of cheques and delay/loss in transit.

Further, in accordance with AMFI communication no. 135/BP/26/11-12 dated March 21, 2012, following process vis-à-vis change in bank mandate is being followed effective May 1, 2012 (effective date) -

Plans / Options offered	<p>The Scheme has two Plans i.e. Regular Plan & Direct Plan. Both the Plans, offer two Options viz. Half Yearly IDCW and Growth Option. Both (Regular and Direct Plan) will share a common portfolio.</p> <p>Regular Plan:</p> <p>Investors opting to invest through a Distributor shall be allotted units under the Regular Plan. Kindly ensure that a Distributor code is provided in the relevant space on the application form. In the absence of the Distributor Code, the application will be processed under the DIRECT Plan, by default.</p> <p>Direct Plan:</p> <p>“Direct Plan” is only for investors who purchase /subscribe Units in a Scheme directly with the Fund. This plan is not available for investors who wish to purchase/subscribe units through a Distributor. All categories of investors (whether existing or new Unitholders) as permitted under the Scheme Information Document of the Scheme are eligible to subscribe under Direct Plan. Investments under Direct Plan can be made through various modes offered by the Mutual Fund for investing directly with the Mutual Fund [except through Stock Exchange Platforms for Mutual Funds and all other Platform(s) where investors’ applications for subscription of units are routed through Distributors].</p> <p>Investors desirous of subscribing under Direct Plan of a Scheme will have to ensure to indicate “Direct Plan” against the Scheme name in the application form. Further, Investors should also indicate “Direct” in the ARN column of the application form.</p> <p>Dividend Option also known as Income Distribution cum capital withdrawal option (IDCW):</p>

Under IDCW Option, Income will be declared subject to availability of distributable surplus and at the discretion of AMC/Trustee. The undistributed portion of the income will remain in the Option and be reflected in the NAV, on an ongoing basis. The Trustee decision with regard to availability and adequacy, rate, timing and frequency of distribution of Income shall be final.

Further, the IDCW Option will have the facility of - IDCW Payout and – IDCW Sweep/Transfer. Applicants should indicate the Option/Facility for which the subscription is made by indicating the choice in the appropriate box provided for this purpose in the Application Form. Applicants can allocate the investment in both the Options subject to a minimum investment amount of the Scheme.

IDCW Payout Facility

Under this Facility, the unit holders would receive payout of their Income Distribution.

IDCW Sweep/Transfer Facility

Under this facility, the unit holders may reinvest their Income distributed in any other open ended scheme of the Fund at the applicable NAV based prices, subject to the minimum investment and eligibility requirements of the scheme in which the distributed Income is being invested. The appropriate number of units shall be credited to unit holder's account at the applicable NAV on the same date based on ex-NAV.

Growth Option

Under this option, the Mutual Fund will not declare any Income Distribution. The income earned by the Schemes will remain invested in the Schemes concerned and will be reflected in the NAV. This Option is suitable for investors who are not looking for current income but who have invested only with the intention of capital appreciation.

Know Your Customer (KYC) / CKYC	<p>The Securities and Exchange Board of India has issued detailed guidelines on 18/01/2006 and measures for prevention Money Laundering and had notified SEBI (KYC Registration Agency) Regulations, 2011 on December 02, 2011 with a view to bring uniformity in KYC Requirements for the securities market and to develop a mechanism for centralization of the KYC records. SEBI has also issued circulars from time to time on KYC compliance and maintenance of documentation pertaining to unit holders of mutual funds. Accordingly the following procedures shall apply:</p> <ul style="list-style-type: none"> • KYC acknowledgement is mandatory for all investors. • An application without acknowledgement of KYC compliance will be rejected • New Investors are required to submit a copy of Income Tax PAN card, address proof and other requisite documents along with the KYC application form to any of the intermediaries registered with SEBI, including Mutual Funds to complete KYC effective from January 01, 2012. The KYC application form is available at www.sundarammutual.com • The Mutual Fund shall perform initial KYC of its new investors and send the application form along with the supporting documents to the KYC Registration Agency (KRA). • During the KYC process, the Mutual Fund will also conduct In Person Verification (IPV) in respect of its new investors effective from January 01, 2012. Sundaram Asset Management Company Limited and the NISM / AMFI certified distributors who are KYD compliant are authorized to carry out the IPV for investors in mutual funds. In case of applications received directly from the investors (i.e. not through the distributors), mutual funds may rely upon the IPV performed by the scheduled commercial banks. • The KRA shall send a letter to the investor within 10 business days of the receipt of the KYC documents from Mutual Fund, confirming the details thereof. • Investors who have obtained the acknowledgement after completing the KYC process can invest in Scheme of the Mutual funds by quoting the PAN in the application form. • Investors are required to complete KYC process only once to enable them to invest in Scheme of all mutual funds. • Existing Investors, who have already complied with the KYC requirements, can continue to invest as per the current practice. <p>Pursuant to SEBI circular no. MIRSD/Cir-5/2012 dated April 13, 2012, mutual fund investors who were KYC compliant on or before December 31, 2011 are required to submit 'missing/not available' KYC information and complete the 'In Person Verification' (IPV) requirements if they wish to invest in a new mutual fund, where they have not invested / opened a folio earlier, effective from December 03, 2012: Individual investors have to complete the following missing/not available KYC information:</p> <p>a) Father's/Spouse Name,</p>
	<p>b) Marital Status,</p> <p>c) In-Person Verification (IPV).</p> <p>To update the missing information, investors have to use the "KYC Details Change Form" for Individuals Only available at www.sundarammutual.com or www.amfiindia.com. Section B of the form highlights 'Mandatory fields for KYCs done before 1 January 2012' which has to be completed.</p> <p>In case of Non Individuals, KYC needs to be done afresh due to significant and major changes in KYC requirements by using "KYC Application form" available for Non-</p>

Individuals only in the websites stated above.

Additional details like Nationality, Gross Annual Income or Net worth as on recent date, Politically Exposed Person, and Non Individuals providing specific services have to be provided in Additional KYC details form available in the website of the Investment Manager.

Duly filled forms with IPV can be submitted along with a purchase application, to the new mutual fund where the investor is investing / opening a folio. Alternatively, investors may also approach their existing mutual funds at any investor service centre to update their 'missing/not available' KYC information.

Ultimate Beneficial Owner Pursuant to Prevention of Money Laundering Act, 2002 (PMLA) and Rules framed thereunder and SEBI Master circular dated December 31, 2010 on Anti Money Laundering (AML), sufficient information to identify persons who beneficially own or control the securities account is required to be obtained. Also, SEBI had vide its circular no. CIR / MIRSD / 2 /2013 dated January 24, 2013 prescribed guidelines regarding identification of Ultimate Beneficial Owner(s) ('UBO'). As per these guidelines UBO means 'Natural Person', or persons who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, and includes a person who exercises ultimate effective control over a legal person or arrangement. Investors are requested to refer to the 'Declaration for UBO' available in the website of the Investment Manager for detailed guidelines on identification of UBO. The provisions relating to UBO are not applicable where the investor or the owner of the controlling interest is a company listed on a stock exchange, or is a majority owned subsidiary of such a company.

Central KYC

Central KYC Registry is a centralized repository of KYC records of customers in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer creates a new relationship with a financial entity. KYC procedure means the due diligence procedure prescribed by the Regulator for identifying and verifying the proof of address, proof of identity and compliance with rules regulations, guidelines and circulars issued by the Regulators or Statutory Authorities under the Prevention of Money Laundering Act, 2002.

The Central Govt. vide notification dt. Nov, 26, 2015 has authorised Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI) to act as and to perform the functions of the CKYC Registry including receiving, storing, safeguarding and retrieving the KYC records in digital form of a Client. A 14 digit CKYC identification Number (KIN) would be issued as identifier of each client.

As per PMLA (Maintenance of Records) Amendment rules, 2015, Rule 9(IA), every reporting entity shall within three days after the commencement of an account based relationship with an individual, file the electronic copy of the client's KYC records with the Central KYC Registry. Institutions need to upload the common KYC template along with the scanned copy of the certified supporting documents (Pol/PoA), cropped signature and photograph. SEBI vide its circular dated November 10, 2016 has advised all mutual funds to upload the KYC records of all existing customers into the CKYC database.

Since the records are stored digitally, it helps intuitions de-duplicate data so that they don't need to do KYC of customers multiple times. It helps institutions find out if the client is KYC compliant based on Aadhaar, PAN and other identity proofs. If the KYC details are updated on this platform by one entity, all other institutions get a real

time update. Thus, the platform helps firms cut down costs substantially by avoiding multiplicity of registration and data upkeep.

Please note that PAN is mandatory for investing in MF's (Except Micro KYC and other exempted scenarios). If CKYC is done without submission of PAN, then he/she will have to submit a duly self-certified copy of the PAN card alongwith KIN.

First time investing Financial Sector (New investor) New to KRA-KYC: while on boarding investors who are new to the MF & do not have KYC registered as per existing KRA norms, such investors should fill up CKYC form (attached). This new KYC form is in line with CKYC form guidelines and requirements and would help to capture all information needed for CKYC as well mandatory requirements for MF. Investors should submit the duly filled form along with supporting documents, particularly, self-certified copy of the PAN Card as a mandatory identity proof. If prospective investor submits old KRA KYC form, which does not have all information needed for registration with CKYC, such customer should either submit the information in the supplementary CKYC form or fill the CKYC form.

Updation of Permanent Account Number (PAN) for processing redemption and related transactions in non-PAN exempt folios and various communication(s) sent in this regard from time to time, it is reiterated that, it is mandatory to complete the KYC requirements for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor.

Accordingly, financial transactions (including redemptions, switches and all types of systematic plans) and non-financial requests will not be processed if the unit holders have not completed KYC requirements.

Unit holders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the point of acceptance. Further, upon updation of PAN details with the KRA (KRA-KYC)/ CERSAI (CKYC), the unit holders are requested to intimate us/our Registrar and Transfer Agent their PAN information along with the folio details for updation in our records.

Investors who have obtained the KIN through any other financial intermediary, shall provide the 14 digit number for validation and updating the KYC record.

<p>Nomination for Mutual Fund Units:</p>	<p>Investors subscribing to Mutual Fund units shall mandatorily provide nomination or opt out of nomination through the physical or online mode. The requirement of nomination shall be optional for jointly held accounts / folios. Where the Units are held by more than one person jointly, the joint Unitholders shall together nominate one or more persons in whom all the rights in the Units shall vest in the event of death of all the joint Unitholders. Nomination is not allowed in a folio held on behalf of a minor.</p> <p>Non-individuals including society, trust, body corporate, partnership firm, Karta of Hindu Undivided Family, holder of Power of Attorney cannot nominate. The Nominee shall not be a trust other than a religious or charitable trust, society, body corporate, partnership firm, Karta of Hindu Undivided Family or a Power of Attorney holder. A minor can be nominated and, in that event, the name and address of the guardian of the minor nominee shall be provided by the unitholder. Money would be refunded in respect of applications that are rejected. The Units allotted will be credited to the DP account of the Unit holder as per the details provided in the application form.
Dematerialisation	If any investor, who holds the units in physical form, wishes to convert the same to DEMAT form, he shall do so in accordance with the provisions of SEBI (depositories and participants). Regulations, 1996 and procedure laid down by NSDL or CDSL, which may be amended time to time.

Rematerialisation	<p>If the applicant desires to hold the units in physical form (statement of account mode), the Investment Manager shall issue the statement subject to rematerialization of Units in accordance with the provisions of SEBI (Depositories & Participants) Regulations, 1996 as may be amended from time to time. All Units will rank pari passu, among Units within the same Option in the Scheme concerned as to assets, earnings and the receipt of income distributions, if any, as may be declared by the Trustee.</p>
Listing and transfer of units	<p>Listing:- Being an open-ended scheme, the Units of the Scheme will not be listed on any stock exchange, at present. However, the Trustee reserves the right to list the units as and when open-end Schemes are permitted to be listed under the Regulations, and if the Trustee considers it necessary in the interest of unitholders of the Scheme.</p> <p>Transfer of units:- If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence.</p> <p>Demat Mode: Units held in Demat form are transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer can be made only in favor of transferees who are eligible of holding units and having a Demat Account. The delivery instructions for transfer of units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode.</p> <p>Non-Demat (Statement of Account) mode: In compliance to the AMFI Best Practices Guidelines Circular No.116/ 2024-25 dated August 14, 2024 it has been decided to introduce the facility for transfer of units held in SOA (Statement of Account) mode shall be made available for all schemes of Sundaram Mutual Fund, except ETFs w.e.f. November 14, 2024. This facility was provided to individual unitholders falling under the following category:</p> <ol style="list-style-type: none"> 1. Surviving joint unitholder, who wants to add new joint holder(s) in the folio upon demise of one or more joint unitholder(s). 2. A nominee of a deceased unitholder, who wants to transfer the units to the legal heirs of the deceased unitholder, post the transmission of units in the name of the nominee. 3. A minor unitholder who has turned a major and has changed his/her status from minor to major, wants to add the name of the parent / guardian, sibling, spouse etc. in the folio as joint holder(s). 4. Partial transfer of units held in a folio shall be allowed. If the request for transfer of units is lodged on the record date, the IDCW payout/ reinvestment shall be made to the transferor. To mitigate the risk, redemption under the transferred units shall not be allowed for 10 days from the date of transfer. 5. Transfer to siblings - Brother / Sister 6. Gifting of units to Father / Mother / Son / Daughter / Spouse 7. Transfer of units to third party 8. Addition/deletion of unit holder <p>https://www.sundarammutual.com/</p> <p>Mode of submitting / accepting the Transfer Request: The facility for transfer of units held in SoA mode shall be available only through online mode via the transaction portals of the RTAs and the MF Central, i.e., the transfer of units held in</p>

SoA mode shall not be allowed through physical/ paper based mode or via the stock exchange platforms, MFU, channel partners and EOPs etc.

Unitholders are advised to read the below instructions carefully.

- 1) Investors under the Individual category (RI / NRI excluding Minors) are eligible to transfer the units
- 2) KYC of all the holders should be "KYC Validated", both in the Transferor and Transferee folios.
- 3) Addition / Deletion of holder is allowed only when the First holder is the same in the Source and Target folios.
- 4) For NRI customers TDS will not be computed and deducted by RTA during the transfer process and the same needs to be handled by the transferor while filing his Tax returns.
- 5) Stamp duty is calculated at 0.005% and is rounded off to Rs.1/- if it is less than Rs.1/-.
- 6) If the units are transferred to a different holder(s), then OTP confirmation is required from both the Transferor and Transferee within a stipulated timeline, to submit the request.

Note: Investor can transfer units using the following link
<https://mfs.kfintech.com/transferofUnits/>

Pre-requisites:

1. The surviving unit holder /nominee/minor unitholder who has turned major, should be registered as the rightful unitholder of the units in the folio to be eligible to apply for transfer of units held in SoA mode.
2. There should be no "lien" or freeze on the units being transferred for any reason whatsoever. Also, the Units should not be under any lock-in period.
3. The transferee(s) should mandatorily be an individual / individual(s) with a valid folio in the mutual fund in which the transferor wishes to transfer the units. Transferee should be eligible to hold the Units as per the respective SID and fulfil any other regulatory requirement as may be applicable. * Note: If the transferee(s) does not / do not have an existing folio in the concerned mutual fund, the transferee(s) shall be required to first open a 'Zero Balance Folio' with the concerned mutual fund. Accordingly, all AMCs will need to facilitate opening of zero balance folio to enable this facility. The zero-balance folio must also be compliant with all mandatory requirements such as KYC compliance, bank account validation, FATCA, nomination, email address and mobile number etc. This will pre-empt rejection of a transfer request, if it is discovered post the acceptance of transfer request, that the transferee is not KYC compliant or has provided invalid PAN etc.
4. The primary holder, Plan, Option, and the ARN (in case of Regular Plan) in the transferor's Folio shall remain unchanged upon transfer of units in the transferee folio.

Payment of Stamp duty on Transfer of Units:

1. The Stamp duty for transfer of units, if/where applicable, shall be payable by the transferor.
2. For calculation of the amount of stamp duty, the consideration value will be calculated as per the last available NAV (irrespective of the amount of consideration mentioned by the transferor in the transfer request).
3. The stamp duty if/where applicable, shall be collected by the RTAs from the transferor through online mode by ensuring that the payment is received from the bank account registered in the folio.

If an applicant desires to transfer Units held in physical mode for e.g. in statement of account form, the AMC shall, upon receipt of valid and complete request for transfer together with the relevant documents, register the transfer within 30 days. Provided that the transferor(s) and the transferee(s) will have to comply with the procedure for transfer

	as may be laid down by the AMC or as required under the prevailing law from time to time including payment of stamp duty for transfer of Units, etc.

F. Taxation

The information is provided for general information only. However, in view of the individual nature of the implications, each investor is advised to consult his or her own tax advisors/authorized dealers with respect to the specific amount of tax and other implications arising out of his or her participation in the Scheme.

For the Mutual Fund:

Income of Sundaram Mutual Fund: Exempt from Tax

The rates are applicable for the financial year 2025-26 as per the Finance Act, 2025.

Tax Implications on Income distribution under Income Distribution cum Capital Withdrawal (IDCW) Option received by Unitholders.

Pursuant to SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/194 dated October 05, 2020, there was a change in nomenclature of Dividend to Income Distribution cum Capital Withdrawal (IDCW) available across all the plans offered by the schemes of the Fund with effect from April 01, 2021. The Finance Act, 2020 abolished income distribution tax and instead introduced taxing of income from mutual fund units in the hands of the unit holders.

* Tax not deductible if income in respect of units of a mutual fund is below Rs.10,000/- in a financial year. However, on account of practical difficulties involved due to unique nature of mutual fund investments and different schemes involved, Sundaram Mutual Fund shall deduct TDS from each dividend declared once it exceeds Rs.9,000/- threshold benefit on cumulative basis in a Financial year (Consolidate on PAN basis). In case the total TDS exceeds the actual tax liability of any investor, he/she can claim a refund while filing income-tax return.

TDS will not be deducted in the following cases

- The resident individual (not being a company or firm) can submit Form No. 15G to Mutual Fund for non-deduction of TDS under section 194K of the Act provided that the tax on his estimated total income (including

such income received from Mutual Fund) of the financial year is NIL and the aggregate income shall not exceed the maximum amount which is not chargeable to tax i.e Rs.2,50,000/- for investor opting for the Old Tax Regime or Rs.4,00,000/- for investor opting for New Tax Regime (Section 115BAC). However, on account of practical difficulties involved due to unique nature of mutual fund investments and different schemes involved, Sundaram Mutual Fund shall deduct TDS from each dividend declared once the cumulative dividend exceeds Rs. 2,35,000/- under the Old Tax Regime or Rs.3,75,000/- under the New Tax Regime in a financial year, consolidated at the PAN level basis

- Form 15H to be submitted by a resident individual (aged 60 years or more) for non-deduction of TDS under section 194K of the Act provided that the tax on his estimated total income (including such income received from Mutual Fund) of the financial year is NIL.
- Certificate from ITO for lower deduction/NIL deduction of TDS under section 197,
- Entities falling under Circular 18/2017 dated 29th May 2017.

The Form 15G or Form 15H or Certificate from ITO should be submitted on an annual basis at the start of the financial year at any of the Official Points of Acceptance of Sundaram Mutual Branch or customer care center of KFin Technologies Ltd.

It may be noted that exemption from tax deduction will be granted only from the date of receipt of Form15G or Form 15H or Certificate from ITO and any tax deducted and remitted to the government on or before that date cannot be refunded under any circumstances. Fresh Form 15G or Form 15H to be submitted again when there is a change in the estimated total income already declared, even though the investors might have already furnished the forms for the current financial year.

**** Surcharge to be levied at:**

- 37% on base tax where specified income** exceeds Rs. 5 crore;
- 25% where specified income** exceeds Rs. 2 crore but does not exceed Rs. 5 crore;
- 15% where total income exceeds Rs. 1 crore but does not exceed Rs. 2 crore; and
- 10% where total income exceeds Rs. 50 lakhs but does not exceed Rs. 1 crore.

**** Specified income – Total income excluding income by way of dividend on shares and short-term capital gains on units of equity oriented mutual fund schemes and long-term capital gains on mutual fund schemes.**

In case total income includes income by way of dividend on shares and short-term capital gains on units of equity oriented mutual fund schemes and long-term capital gains on mutual fund schemes, the rate of surcharge on the said type of income not to exceed 15%. In case investor is opting for 'New Regime' the rate of surcharge not to exceed 25%.

Further, "Health and Education Cess" is to be levied at 4% on aggregate of base tax.

Further, Minimum Alternate Tax (MAT) applicable to domestic companies (except for those who opt for lower rate of tax of 22%/15%) are not considered in the above tax rates.

Taxability of segregated portfolios of a mutual fund scheme

The Finance Act, 2020 has rationalized capital gains taxability in relation to mutual fund portfolio segregation as per SEBI regulations as follows: -

- The period of holding for units in the segregated portfolio to be reckoned from the period for which the original units in the main portfolio were held by the taxpayer.
- Acquisition cost of units in segregated portfolio to be proportionate to the NAV of assets transferred to the segregated portfolio to the NAV of the total portfolio immediately before the segregation. The cost of acquisition of the original units in the main portfolio to be reduced by the acquisition cost of units in the segregated portfolio.

Stamp Duty

Pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of The Finance Act, 2019, notified on February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India, with effect from July 1, 2020, mutual fund units issued against Purchase transactions (whether through lump-sum investments or SIP or STP or switch-ins or dividend reinvestment) would be subject to levy of stamp duty @ 0.005% of the amount invested. Transfer of mutual fund units (such as transfers between demat accounts) are subject to payment of stamp duty @ 0.015%. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase transactions (including dividend reinvestment and switch-in) to the Unit holders would be reduced to that extent. The Stamp duty should be considered for the purpose of cost of the investments while calculating capital gains.
