I

Equity Investment Process

The fund managers shall adhere to the SEBI regulations, terms and conditions of the Scheme Information Document of the respective scheme and the internal equity fund management guidelines approved by the Executive Committee. The Executive Committee comprises of three directors of the Company. The Heads of Equity and Fixed Income attends the meetings of the Committee on invitation.

The Equity Investment Process will be classified into

- Research & Analysis of various stocks
- Approval of Stock by Internal Investment Committee (IIC)
- Portfolio Construction & Selection of Stock for Investment / Sale
- Actual process of Buying / Selling
- Review

The Internal Investment Committee comprises the Managing Director, Head of Equity and the Head of Fixed Income.

Research & Analysis: Research is meant to bring to the organisation, a distinctive advantage of looking at opportunities differently from the market and other institutions.

Identification of a sector / stock: Identification of a stock or sector for research shall be with the concurrence of the Head - Equity on a daily basis. As & when the same is identified, research request form will be filled up. It is important that the key criteria for analysis be identified and inputs for research given to the research analyst by the originator. For the research, inputs from published sources and reports of broking houses will be used. In order to eliminate more risks and ensure higher reliability, at least one management contact either by way of visit, or any other form of communication will be made once in six months.

The minimum sources for research are

- a. Balance Sheet
- b. Profit & Loss Statement
- c. Valuation
- d. Ratios

These are to be reviewed periodically and updates noted. The report shall take efforts to highlight the competitive edge, management quality & practices, fairness to minority shareholders and transparency. The Research Analyst will submit a report on a stock or sector as required.

Approval of Stocks for Investment: All stocks have to be approved by the IIC before the first investment decision can be made in them. The process for approval and maintenance:

- The Managing Director on receipt of the research report oversees the presentation of the same to the IIC. The IIC considers the analysis and approves the name of the company for investment by the Fund Manager. The approval is accorded on an approval note that is then forwarded to operations by the research analyst.
- The Approved list of such stocks will hereinafter be referred as 'Approved Universe'. The list will be reviewed periodically.
- Once a stock has been added to the portfolio, tracking the stock on a regular basis will be done by the research analyst.

Portfolio Construction and Stock Selection

The Fund Manager will construct the portfolio with the sectors & stocks in the approved universe within the guidelines set by the Executive Committee for the scheme. The Fund manager will review the portfolio on a daily basis.

The Fund Managers will decide on key issues that will form the basis for portfolio construction. The issues so decided will clearly evidence the thought process of the Fund Manager. The risk criteria applied will form part of the strategy. Standard tools available in the market are also deployed for this decision process.

The key issues mentioned shall also form the basis for filtering the stocks in a sector. This process to a certain extent will be documented to enable easy review and recall. The Fund Manager will normally ensure that the process of eliminating or filtering the stocks in a particular sector is consistent with the criteria above.

The Fund Manager then selects the stocks for buy / sell in a particular portfolio. After identification, the Fund Manager executes the process electronically through Bloomberg POMS/issues a paper trail by means of a deal ticket. This authorizes the Dealer to carry out the transaction within the parameters identified. The deal ticket will also state the decision in concise form the reasons for the decision. In general, before a sell-decision is made, one or more of the following factors needs consideration.

- Out-performance relative to the market;
- Out-performance relative to the sector;

- Out-performance relative to the same class of equities;
- Downgrade in earnings estimates;
- Weight consideration
- Redemption from the fund
- Dividend payment
- Change in the assumptions on the basis of which initial buy decision was made
- Huge absolute returns
- Noticeable trend of the market moving from one type of equities to another type of equities (like from large to mid; MNCs to Indian Professional)
- Asset allocation changes

The Process of Buying / Selling: The Fund Manager issues the electronic request / deal ticket to the Dealer for execution. The Regulatory Guidelines are being monitored on line and cleared by the compliance officer before the Dealer can put same to execution. The Dealer then selects the broker from the list approved by the EC. Deals cannot be executed through any Broker not in this list. The Dealer also decides the optimum time and quantity depending on the stock market conditions. This is to ensure the best deal of the day for the Fund. After the Broker confirms the deal, the Dealer forwards to Operations for further processing. During this process the Dealer will be in constant touch with the Fund Manager and give market feedback.

Review of Investments: This is the critical part of the whole process of Investment. The Dealer, as a routine, shall furnish the previous day's market and trading action and results every morning to the investment team. The report shall cover but not be limited to

- Various Indices of the market, their performance
- Sector trends
- Volumes of different groups
- FII activity
- Individual Scheme performance
- Stock Movement & Volumes – sector wise for Approved Universe
- Active Stocks Movement & Volumes – sector wise
- Derivative market trends

The Investment team shall receive the holding statement of all Schemes including available cash flows from Operations.

The following inputs shall also be provided by the Economist periodically

- a. RBI report
- b. Economic report
- c. Commodity prices
- d. State of Government Finances
- e. Production data Sheet

With the inputs, the Investment Team will meet every day for review. The Team will review all the companies under coverage and any significant activity, the market reactions, any specific inputs in the newspapers, news and policy statements by the government, to name a few. In addition to the daily meeting, the fund manager & Managing Director review the performance of the funds on a weekly basis. Further a weekly review is also done by the Investment team. The valuation summary prepared by the Head of Research shall be the basis for this review. The issues for daily review shall be dealt in more detail

A report is submitted to the Executive Committee on a periodical basis. Similarly in March, an Annual Report is submitted in place of the other reports. All the reports are submitted to the Board of Directors of the Asset Management Company as well as the Trustee Company.

- Trade deficit

Monetary Variables such as

- Money supply growth
- Inflation
- Balance of payments

- Market sentiment

Disclosures on credit evaluation, pursuant to SEBI Circular no Cir/ IMD/ DF/12 /2011 dated August 1, 2011 for closed-end debt schemes.

1. Credit Evaluation Policy

The objective of the Credit Evaluation Policy is to adopt the best practices and highest standards in the investment decision making process for appraising fixed income and money market securities.

The policy covers the following aspects:

- a) The Credit Investment Process,
- b) The Credit Investment Strategy and
- c) The Credit Committee

a) The Credit Investment Process:

The investment process is stated hereunder:

The Macro View:

- The macro economic variables like economic growth, industrial output, money supply, credit growth, investment demand, revenue deficit, balance of payments.
- The Monetary policy stance, the level of administered rates, Central Bank reference rates and market initiatives.
- The global factors more in line with emerging market context including credit determination, global economic growth, commodity prices and investment preferences.

The above indicators determine some of the parameters like Liquidity, Inflation and money flows in the economy. These parameters drive the future interest rates and these are monitored on a regular basis. Both the external inputs from research wings of various intermediaries like Primary Dealers, Merchant Bankers etc. and the internal research by the Economist are considered to arrive at the Macro View.

Issuer Selection:

The credit analyst evaluates and prescribes specific issuers along with a limit, for taking the credit exposure. The credit evaluation is based on the process and the proprietary model approved the credit committee. The credit evaluation framework mainly considers the following aspects:

- Company details
- Company's position in the industry it operates
- History
- Management & Shareholdings
- Credit rating - external (with outlook if any)

- Credit rating - internal
- Financial Statement - History/forecast (including cash flow forecast)
- Financial ratios and Qualitative analysis
- Industry / Sector outlook based on their business cycles
- Regulatory environment and Public Policies

The credit analyst reviews each issuer limits on a regular basis, as and when the audited financials of the issuers are available. The fund management team also provides information on issuers, obtained through formal as well as informal sources and through market feedback to the credit analyst, which is factored in the credit evaluation process.

b) The Investment Strategy:

Investments in the fund portfolio will be diversified among a variety of sectors, issuer categories, credit profiles, maturity profiles and instruments. This is intended to take care of protection of capital, liquidity need to meet redemption and reducing impact cost while liquidating the portfolio. Protection of the portfolio's principal is of primary concern and hence investments may be largely restricted to securities which have high credit quality. In case ratings get downgraded, subsequent to our investments, to levels which are not in line with the investment strategy, efforts shall be made to liquidate those positions on a best efforts basis.

c) The Credit Committee

The AMC has constituted an Internal Credit Committee. The Managing Director, Head - Risk Management, Head - Fixed Income and Head - Equities are the members of the Committee. The Committee meets periodically to review the following aspects:

1. Decide on whether to include a new entity to the credit / counterparty universe; Review the existing entities in the credit / counterparty universe
2. Fix and review Credit / Counterparty limits for the existing and new entities.
3. Review credit exposures to various entities, asset classes, products, structures and instruments in the fixed income fund portfolios
4. Review the yield curve and liquidity trend in the debt market with respect to various categories of issuers.
5. Recommend Credit strategies for fixed income funds
6. Study the existing formats of risk reports and suggest improvements
7. Review the deviations and overrides to the Fixed Income Risk Guidelines
8. Review the impact on performance of funds owing to credit limits and norms.
9. Such other matters delegated by the Board of AMC / a Board Committee from time to time

2) List of Sectors, the AMC would not be investing

- 1) Real Estate, Micro Finance, Airlines and IT Sector
- 2) Such other sectors decided by the Credit Committee from time to time as not suitable for investment

3) Types of Instruments, the plans proposes to invest in

Please refer section under the heading “D. Indicative Investment Universe” in the SID of the respective schemes.

4) Floors and Ceiling within a range of 5% of the intended allocation against each sub class of asset

Credit Rating	AAA	AA	A	BBB	A1+	Not Applicable
Instruments						
CDs	—	—	—	—	—	—
CPs	—	—	—	—	—	—
NCDs	—	—	—	—	—	—
Government Securities / Treasury Bills / CBLO / Reverse Repo in Gsecs	—	—	—	—	—	—

Pursuant to SEBI Circular No: Cir/ IMD/ DF/12 /2011 dated August 1, 2011 and rules issued thereon shall also apply to the schemes:

- a. The floors and ceilings within a range of 5% of the intended allocation (%) against each sub asset class/credit rating shall be decided at the time of filing the final offer documents with SEBI before launch of the scheme. This will be indicated in the form of letter to the SEBI.
- b. Securities with rating A and AA shall include A+ and A- & AA+ and AA-, respectively.
- c. **Positive variation in investment towards higher credit rating in the same instrument may be allowed.**
- d. **In case of non-availability of and taking into account the risk-reward analysis of CPs, NCDs the scheme may invest in Highest rated CDs(A1) Reverse Repo, T-Bills, CBLO. However, subsequent to investment and after a review, if the scheme finds NCDs of AAA rated and equivalent short term rating for CPs, the scheme may invest in these securities.**

- e. **At the time of building up the portfolio post NFO and towards the maturity of the scheme, there may be a higher allocation to cash and cash equivalent.**

f. All investment shall be made based on the rating prevalent at the time of investment. However, in case of an instrument having dual ratings, the most conservative publicly available rating would be considered.

- g. **Disclosures with reference to investment in unrated securities, derivatives: The scheme/plan will not make any investments in unrated securities. However the scheme/plan will make investment in derivative instruments.**

- h. **In the event of any deviations from the floor and ceiling of credit ratings specified for any instrument, the same shall be rebalanced from the date of the said deviation as under:**

where the tenure of the scheme is upto 30 days	Nil
where the tenure of the scheme is more than 30 days and upto 90 days	within 5 days
where the tenure of the scheme is more than 90 days upto 180 days	within 15 days
where the tenure of the scheme is more than 180 days	within 30 days

- i. Further, the above allocation may vary during the duration of the scheme. Some of these instances are: (i) coupon inflow; (ii) the instrument is called or bought back by the issuer (iii) in anticipation of any adverse credit event etc. In the case of such deviations, the Scheme may invest in highest rated CDs (A1) Gsec, Reverse Repo in Gsec, T-Bills, CBLO. Deviation, if any, due to such instances may continue if NCDs/CPs of desired credit quality is not available.

- j. Further, the above allocation may vary during the duration of the scheme due to occurrence of any adverse credit events such as rating downgrade/credit default. In such case, it would be the discretion of the fund manager to either rebalance the portfolio or continue to hold the instrument in the portfolio in the best interest of the investor.

There will not be any variation between the intended portfolio allocation and the final allocation portfolio allocation apart from the exceptions in the above mentioned clauses c, d, e, h, i, j.

External Events: The Investment Manager continuously evaluates market conditions keeping in view all these variables and their expected impact on interest rates. The investment process emphasizes delivery of the labelled objective.

Approval of Securities For Investment by IIC: All companies shall have a minimum rating of AA+ by a accredited rating agency of India. Norms for empanelment for brokers & counter parties are laid down by the EC. Any deviations / exceptions to the investment norms are ratified by the Executive Committee

Portfolio Construction & the process of Buy / call money / sell: The Fund Manager evaluates the risk premium between the Government Securities and the Corporate paper and this will be a key input in determining the weight. The Fund Manager periodically (even during the day) receives from Operations the cash and the holdings statement. Based on this the Fund Manager decides the buy / sell or call money transactions as the situation may demand. The decision is then conveyed to the broker / counter party .

Review of Investments: The portfolio is reviewed on a continuous basis, daily as well as intra day by the fund management team as part of its core activity. Performance comparison with peers is also carried out on a daily basis. This performance is then correlated with the day's market movement to get a better idea of the sources of performance of various funds within its peer group. Reports on performance are sent to the Executive Committee or directly to the Board of Directors of the Investment Manager by the Investment Team on a quarterly and annual basis. All the reports are submitted to the Board of the Asset Management Company as well as the Trustee Company.

Review of counter parties: All dealings are carried out only with regular market counter parties in the wholesale market. Any deal struck with a non-market counter party or with any other counter party whose performance under the deal is not in accordance with the norms, is carried out with adequate safeguard to prevent financial losses on this account.

Monitoring of debt issuers vis-à-vis credit risk: Regular monitoring of issuers is carried out by the fund management team with the help of information through formal as well as informal sources. Credit ratings, quarterly performance reports and market feedback is taken into account within this monitoring framework.

Monitoring portfolio for illiquid assets: The fund management team is conscious of the impact of holding illiquid assets and therefore places great importance to this aspect. Review of illiquid assets and impact costs are done on a daily basis. Wherever necessary and practically possible, corrective action is taken either by getting rid of the asset or by adjusting the valuation to bring it in line with realistic market valuations.

Review of Profit and Loss reporting: Profits and losses are reported on a daily basis for the fund management team to review. With the fund being marked to market on a daily basis, accounting profits and losses hold little meaning in the context of fund performance. What matters is expected price movement from last valued price (and not cost price). The fund management team bases all its decisions after considering expected price movement vis-à-vis the last valuation price. Accounting profits and losses come into the picture only in calculations of realized and unrealized gains that assume importance for calculating distributable surplus for dividend payment.

Current Status on valuations: Debt fund portfolios are at present valued based on either actual traded prices or on the basis of implied fair values derived out of yield matrices. The Investment Manager keep track actual yield curve from which the prices have been derived. Stress testing to gauge impact of large redemptions is being monitored indirectly through the monitoring of the liquidity of the portfolio as well as the impact cost.

Risk Management Team: An independent risk management team is in place to oversee and monitor portfolio risk on a day-to-day basis. Internal risk control guidelines are in place and the portfolio contours are tracked on a daily basis to ensure adherence. Any deviation is brought to the notice of the Managing Director/CEO and the fund manager for corrective action. Follow up actions are taken to ensure that the deviation is corrected within the time period prescribed in internal risk control guidelines. Adherence to limits from SEBI Regulations as well as stipulations in the Scheme Information Document is monitored. The risk management team reports to the Chief Executive Officer.

Risk Guidelines: Sundaram Asset Management has internal investment norms and risk guidelines for equity and debt investments. Also fund specific guidelines are in place.

Risk Control: Risk control is customized by product according to the level of risk the fund can expose investors to, as specified in the investment mandate.

Risk Reports: A Board level Committee reviews the reports prepared by the Risk Analyst.

Committee overseeing Risk Management: The Board of Sundaram Asset Management has constituted a Committee comprising Managing Director, and two Independent Directors to review the reports prepared by the Risk Officers and to look into the implementation of Enterprise Risk Management. The Committee also reviews the risk guidelines with respect to equity and fixed income funds, set/modify the limits of counter party exposure, review exceptions and overrides and suggest improvements to the framework/formats.

The CEO, Heads of Equity and Fixed Income, the Risk Analyst and other Senior Management Personnel are the invitees to the Committee. The Compliance Officer acts as the secretary to the committee.

Role of the committee

The Committee will approve the Global Issuer limits (including limit per maturity), Counterparty limits and Limits applicable to each fund such as Credit Diversification ratio, Duration Limit, WAM Limit, Maximum Maturity Limit, Liquidity Risk Limits, Valuation Risk Limits, Risk Grade Limits etc. The Committee monitors Enterprise Risk Management framework proposed on various functions and processes.

Transaction charges:

Terms and Conditions relating to Transaction Charges (applicable for both existing and new investors in the schemes of Sundaram Mutual) pursuant to SEBI circular No. Cir/ IMD/ DF/13/ 2011 dated August 22, 2011:

For a First Time Mutual Fund Investor, the Transaction Charge allowed will be Rs. 150/- per subscription of Rs. 10,000/- and above
- 3 The Transaction Charge, where applicable based on the above criteria, will be deducted by the Investment Manager from the subscription amount remitted by the Investor and paid to the distributor; and the balance (net) amount will be invested in the scheme. However, the distributor shall not be able to opt-in or opt-out at the investor-level i.e. a distributor shall not charge one investor and choose not to charge another investor.

The transaction charges are in addition to the existing system of commission permissible to the Distributors. On subscription through Distributors, the upfront commission if any will be paid directly by the Investors to the Distributor by a separate cheque based on their assessment of various factors including the service rendered by the Distributor.

- 1. Applications Supported by Blocked Amount or ASBA facility:** An application containing an authorization given by the Investor to block the application money in his/her specified bank account towards the subscription of Units offered during the NFO(New Fund Offer) of a Scheme. If an investor is applying through ASBA facility, the application money towards the subscription of Units shall be debited from his specified bank account only if his/her application is selected for allotment of Units.

It is an additional payment option that the investor can use in addition to the existing modes (Cheque/Demand Draft etc) for buying Units during NFO. It is available only to individuals. It is not available for subscribing to Units on an ongoing basis after the NFO. For availing this option the bank, where the investor has an account, should be a Self Certified Syndicate Bank (SCSB)

- 2. "Controlling Branches (CBs) of the Self Certified Syndicate Banks (SCSB):** Controlling Branches (CBs) are the branches of the SCSBs acting as coordinating branches for the Registrar and Transfer Agent of Sundaram Mutual Fund schemes, the AMC and the Stock Exchange(s) for the ASBA facility offered during the NFO period.
- 3. "Designated Branches (DBs) of the SCSBs:** Designated Branches (DBs) are the branches of the SCSBs which shall collect the ASBA Application Forms duly filled by the Investors towards the subscription to the Units of the Scheme offered during the NFO. The list of these Designated Branches is available at <http://www.sebi.gov.in/pmd/scsb.pdf> and www.sundarammutual.com
- 4. "Self Certified Syndicate Bank" or SCSB:** Self Certified Syndicate Bank/ SCSB means a bank registered with SEBI to offer the facility of applying through the ASBA process. ASBAs can be accepted only by SCSBs, whose names appear in the list of SCSBs as displayed by SEBI on its website at www.sebi.gov.in.
- 5. The ASBA facility during NFO:** In respect of New Fund Offer (NFO) of Schemes/Plan(s) launched on or after October 1, 2010, an investor (being an Individual) can subscribe to the NFO through Applications Supported by Blocked Amount (ASBA) facility by applying for the Units offered in the ASBA Application Form and following the procedure as prescribed in the form. For details please refer to the Section "Applications Supported by Blocked Amount (ASBA) facility, below and also the Application Form/KIM of the Scheme

Applications Supported by Blocked Amount (ASBA) facility: Pursuant to SEBI Circular dated SEBI/IMD/CIR No 18 /198647 /2010 March 15, 2010, an investor can subscribe to the New Fund Offer (NFO) launched on or after October 1, 2010 through ASBA facility by applying for the Units in the ASBA Application Form and following the procedure as prescribed in the form.

ASBA is an application containing an authorization given to the Bank by the Investor to block the application money in his/her specified bank account towards the subscription of Units offered during the NFO of the Scheme of Sundaram Mutual Fund. Thus, for an investor who applies through ASBA facility, the application money towards the subscription of Units shall be debited from his specified bank account only if his/her application is selected for allotment of Units. The blocked amount cannot be withdrawn and will earn interest as per account terms applicable. It may be noted that since ASBA Facility is pursuant to an arrangement between the Investor and his/her Bank, Sundaram Mutual Fund, or its Trustee/AMC/ its Employees/Directors will not be responsible for any delay, error or omission/commission, or deficiency if any, on the part of the Investor's Bank.

Benefits of Applying through ASBA facility

- (i) Writing cheques / demand drafts and sending them for collection etc are not required, as investor needs to submit ASBA application Form accompanying an authorization to block the account to the extent of application money towards subscription of Units. The balance money, if any, in the account can be used for other purposes by the investors.
- (ii) Release/Unblocking of blocked funds after allotments done instantaneously.
- (iii) Unlike other modes of payment, ASBA facility prevents the loss of interest income on the application money towards subscription of Units as it remains in the bank account of the investor till the allotment is made.
- (iv) Refunds of money to the investors do not arise as the application money towards subscription of Units gets transferred only to the extent of amount payable for the actual allotment
- (v) The investor deals with the known intermediary i.e. his/her own bank.
- (vi) The application form is simpler as the application form for ASBA will be different from the NFO application form.

ASBA Procedure:

- (a) An Investor intending to subscribe to the Units of the NFO through ASBA, shall submit a duly completed ASBA Application Form to a Self Certified Syndicate Bank (SCSB), with whom he/she has a Bank Account.

- e. Unlisted equity shares of a company shall be valued “in good faith” on the basis of the valuation principles laid down below:
 - I. Based on the latest available audited balance sheet, net worth shall be calculated as lower of (i) and (ii) below:
 - (i) Net worth per share = [share capital plus free reserves (excluding revaluation reserves) minus miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by number of paid up shares;
 - (ii) After taking into account the outstanding warrants and options, Net worth per share shall again be calculated and shall be =[share capital plus consideration on exercise of option/warrants received/receivable by the company plus free reserves (excluding revaluation reserves) minus miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by {number of paid up shares plus number of shares that would be obtained on conversion of exercise of outstanding warrants and options};

The lower of (i) and (ii) shall be used for calculation of net worth per share and for further calculation in (III) below.

- II. Average capitalization rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any, noted with proper justification thereof) shall be taken and discounted by 75% i.e. 25% of the Industry average P/E shall be taken as capitalization rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose.
- III. The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 15% for illiquidity so as to arrive at the fair value per share.

The above methodology for valuation shall be subject to the following conditions:

- (i) All calculations as aforesaid shall be based on audited accounts;
- (ii) In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero;
- (iii) If the net worth of the company is negative, the share would be marked down to zero;
- (iv) In case of EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalized earning;
- (v) In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security. To determine if a security accounts for more than 5% of the total assets of the scheme, it should be valued in accordance with the procedure as mentioned above on the date of valuation.

At the discretion of the AMC and with the approval of trustees, an unlisted equity share may be valued at a price lower than the value derived using the aforesaid methodology.

Effect of winding up:

On and from the date of the publications of the notice of winding up, the Board of Trustee or the Investment Manager, as the case may be, shall:

- Cease to carry on any business activities in respect of the scheme wound up;
- Cease to create or cancel units in the scheme; and
- Cease to issue or redeem units in the scheme.

Std Ob

Procedure and Manner of Winding up:

The Trustee shall call a meeting of the unit holders to approve by simple majority of the unit holders present and voting at the meeting for authorising the Board of Trustee Company or any other person to take steps for the winding up of the Scheme. The Trustee or the person authorised shall dispose of the assets of the scheme concerned in the best interest of the unit holders of the scheme.

The proceeds of sale realised shall be first utilized towards discharge of such liabilities as are due and payable under the scheme, and after making appropriate provision for meeting the expenses connected with such winding up, the balance shall be paid to the unit holders in proportion to their respective interest in the assets of the scheme as on the date the decision for winding up was taken.

On completion of the winding up, the Board of Trustee Company shall forward to SEBI and the unit holders a report on the winding up, detailing the circumstances leading to the winding up, the steps taken for disposal of the assets of the scheme before winding up, net assets available for distribution to the unit holders and a certificate from the auditors of the scheme.

SEBI Regulations on half-yearly reports shall continue to be applicable until winding up is completed or the scheme ceases to exist. After receipt of the report referred to above, if SEBI is satisfied that all measures for winding up of the scheme have been complied with, the scheme shall cease to exist.

Underwriting:

Subject to SEBI Regulation, the scheme may enter into underwriting agreements after the Mutual Fund obtains a certificate of registration in terms of the Securities and Exchange Board of India (Underwriters) Rules and Securities and Exchange Board of India (Underwriters) Regulations, 1993 authorising to carry on activities as underwriters. The capital adequacy norms for the purpose of underwriting shall be the net assets of the respective schemes and the underwriting obligation of the respective schemes shall not at any time exceed the total net asset value of the respective schemes.

Stock Lending:

Subject to SEBI Regulation, the mutual fund may, if the Trustee permits, engage in stock lending. Stock lending means the lending of stock to another person or entity for a fixed period of time at a negotiated compensation in order to enhance returns of the portfolio. The securities lent will be returned by the borrower on the expiry of the stipulated period. The Investment Manager will adhere to prudent limits should it engage in Stock Lending. The Mutual Fund may not be able to sell such lent out securities and this can lead to temporary illiquidity.

Borrowing by the Mutual Fund:

The scheme shall have powers to borrow to meet temporary liquidity needs for the purpose of redemption, redemption of units or income distribution to the unit holders as permitted under the SEBI Regulations. Further, as per SEBI Regulations, the scheme shall not borrow more than 20% of the net assets and the duration of such borrowing shall not exceed six months. The scheme under such circumstances may borrow from any body corporate or a bank or from any other person at the prevailing interest rates. The scheme may decide to offer such collateral security as may be necessary under the circumstances. This may result in a reduction in the overall portfolio returns during the currency of the borrowing if the cost of borrowing is higher than the portfolio rate of return and also impair liquidity to the extent collateral is not available for sale by the scheme.

Inter-Scheme Transfer of Investments:

Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:

- Such transfers are done at the prevailing market price for quoted instruments on spot basis. (Spot basis shall have same meaning as specified by stock exchange for spot transactions).
- The securities so transferred shall be in conformity with the investment objective of the transferee scheme.

Std Ob
13**Unclaimed Redemption / Dividend Amount**

Pursuant to SEBI Circular No MFD/CIR/9/120/2000 dated 24/11/2000, Unclaimed amount pertaining to redemption and dividend may be deployed by the Mutual Fund only in call money market or money-market instruments. Investors who claim these amounts during a period of three years from the due date shall be paid at the prevailing Net Asset Value. After a period of three years, the amount will be transferred to a pool account and investors can claim the amount at NAV prevailing at the end of the third year. Income earned on such funds will be used for the purpose of investor education. The Investment Manager will make a continuous effort to remind investors through letters to take their unclaimed amounts. The fee charged by the Investment Manager managing unclaimed amounts of redemption and dividend shall not exceed 50 basis points.

Std Ob
10**Suspension of Sale/ Redemption of units:**

The sale/redemption of the units of the schemes may be suspended temporarily or indefinitely under any of the following circumstances:

- book closure period, if any
- stock markets stop functioning or trading is restricted
- periods of extreme volatility in the stock markets that in the opinion of the Investment Manager is prejudicial to the interest of the unit holders.
- a complete breakdown or dislocation of business in the major financial markets
- natural calamity
- declaration of war or occurrence of insurrection, civic commotion or any other serious or sustained financial, political or industrial emergency or disturbance.
- SEBI order

In such circumstances, the time limits indicated for processing requests for purchase and redemption of units will not be applicable. Suspension or restriction of redemption/redemption facility shall be made only after approval by the Board of Directors of the Investment Manager and the Trustee. The approval of the Trustee for the suspension shall be conveyed to SEBI in advance with reasons.

- 1. Applications Supported by Blocked Amount or ASBA facility:** An application containing an authorization given by the Investor to block the application money in his/her specified bank account towards the subscription of Units offered during the NFO(New Fund Offer) of a Scheme. If an investor is applying through ASBA facility, the application money towards the subscription of Units shall be debited from his specified bank account only if his/her application is selected for allotment of Units.

It is an additional payment option that the investor can use in addition to the existing modes (Cheque/Demand Draft etc) for buying Units during NFO. It is available only to individuals. It is not available for subscribing to Units on an ongoing basis after the NFO. For availing this option the bank, where the investor has an account, should be a Self Certified Syndicate Bank (SCSB).

- 2. "Controlling Branches (CBs) of the Self Certified Syndicate Banks (SCSB):** Controlling Branches (CBs) are the branches of the SCSBs acting as coordinating branches for the Registrar and Transfer Agent of Sundaram Mutual Fund schemes, the AMC and the Stock Exchange(s) for the ASBA facility offered during the NFO period.
- 3. "Designated Branches (DBs) of the SCSBs:** Designated Branches (DBs) are the branches of the SCSBs which shall collect the ASBA Application Forms duly filled by the Investors towards the subscription to the Units of the Scheme offered during the NFO. The list of these Designated Branches is available at <http://www.sebi.gov.in/pmd/scsb.pdf> and www.sundarammutual.com.
- 4. "Self Certified Syndicate Bank" or SCSB:** Self Certified Syndicate Bank/ SCSB means a bank registered with SEBI to offer the facility of applying through the ASBA process. ASBAs can be accepted only by SCSBs, whose names appear in the list of SCSBs as displayed by SEBI on its website at www.sebi.gov.in.
- 5. The ASBA facility during NFO:** In respect of New Fund Offer (NFO) of Schemes/Plan(s) launched on or after October 1, 2010, an investor (being an Individual) can subscribe to the NFO through Applications Supported by Blocked Amount (ASBA) facility by applying for the Units offered in the ASBA Application Form and following the procedure as prescribed in the form. For details please refer to the Section "Applications Supported by Blocked Amount (ASBA) facility, below and also the Application Form/KIM of the Scheme.

Applications Supported by Blocked Amount (ASBA) facility: Pursuant to SEBI Circular dated SEBI/MD/CIR No 18/198647/2010 March 15, 2010, an investor can subscribe to the New Fund Offer (NFO) launched on or after October 1, 2010 through ASBA facility by applying for the Units in the ASBA Application Form and following the procedure as prescribed in the form.

ASBA is an application containing an authorization given to the Bank by the Investor to block the application money in his/her specified bank account towards the subscription of Units offered during the NFO of the Scheme of Sundaram Mutual Fund. Thus, for an investor who applies through ASBA facility, the application money towards the subscription of Units shall be debited from his specified bank account only if his/her application is selected for allotment of Units. The blocked amount cannot be withdrawn and will earn interest as per account terms applicable. It may be noted that since ASBA Facility is pursuant to an arrangement between the Investor and his/her Bank, Sundaram Mutual Fund, or its Trustee/AMC/its Employees/Directors will not be responsible for any delay, error or omission/commission, or deficiency if any, on the part of the Investor's Bank.

Benefits of Applying through ASBA facility

- Writing cheques / demand drafts and sending them for collection etc. are not required, as investor needs to submit ASBA application Form accompanying an authorization to block the account to the extent of application money towards subscription of Units. The balance money, if any, in the account can be used for other purposes by the investors.
- Release/Unblocking of blocked funds after allotments done instantaneously.
- Unlike other modes of payment, ASBA facility prevents the loss of interest income on the application money towards subscription of Units as it remains in the bank account of the investor till the allotment is made.
- Refunds of money to the investors do not arise as the application money towards subscription of Units gets transferred only to the extent of amount payable for the actual allotment.
- The investor deals with the known intermediary i.e. his/her own bank.
- The application form is simpler as the application form for ASBA will be different from the NFO application form.

ASBA Procedure:

- An Investor intending to subscribe to the Units of the NFO through ASBA, shall submit a duly completed ASBA Application Form to a Self Certified Syndicate Bank (SCSB), with

whom he/she has a Bank Account.

- The ASBA Application Form towards the subscription of Units can be submitted through one of the following modes.
 - Submit the form physically with the Designated Branches (DBs) of the SCSB ("Physical ASBA"); or
 - Submit the form electronically through the internet banking facility offered by the SCSB ("Electronic ASBA").
- An acknowledgement will be given by the SCSB in the form of the counter foil or specifying the application number for reference. (Note: Such acknowledgement does not guarantee, in any manner that the investors will be allotted the Units applied for.; Further, if the bank account specified in the ASBA Application Form does not have sufficient credit balance to meet the application money towards the subscription of Units, the Bank shall reject the ASBA Application form.)
- On acceptance of Physical or Electronic ASBA, the SCSB shall block funds available in the bank account specified to the extent of the application money specified in the ASBA Application Form.
- The application money towards the Subscription of Units shall be blocked in the account until (i) Allotment of Units is made or (ii) Rejection of the application.
- SCSBs shall unblock the bank accounts (i) for Transfer of requisite money to the NFO bank account against each valid application on allotment or (ii) in case the application is rejected.
- For the scheme HDFC Bank Limited has consented to process the ASBA application form.**

Note: No request for withdrawal of ASBA application form made during the NFO Period will be allowed.
